confirm our obligation to, and hereby do sell, assign, and convey, unto Assignee and its successors and assigns, our entire right, title and interest –

(1) in and to inventions described, claimed, or otherwise disclosed in a patent application titled "GAS MIXING DEVICE AND GAS WATER HEATING DEVICE" for which United States patent application no.17/678,677 was filed on February 23, 2022, (hereinafter the "US Patent Application");

(2) in and to the US Patent Application and all other patent applications now or hereafter filed in the United States of America (including, without limitation, any divisional, continuation, continuation-in-part, reexamination, and reissue applications) claiming the benefit of or priority to the US Patent Application, including all rights of priority and the right to file such applications in the name of Assignee, and any and all patents granted thereon to the full end of the term or terms for which said patents may be granted;

(3) in and to all rights of any kind accruing under any of the foregoing provisions as provided by the applicable law of any jurisdiction, or by international treaties and conventions, or otherwise throughout the world, whether accruing before or after the date of execution below, acknowledging that some rights may have already accrued to Assignee; and

(4) in and to any claims or causes of action with respect to any of the foregoing, whether accruing before, or after the dates of execution below, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past present and future infringement, misappropriation, or other violation.

And we hereby agree that we will, upon request of Assignee or its successors or assigns, and without further consideration to us, execute any and all papers deemed necessary by Assignee or its successors or assigns to fulfill the intent and purposes of this Assignment, it being understood that any expense incident to the execution of such papers shall be paid by Assignee or its successors and assigns, and not by us.
