ASSIGNMENT

For valuable consideration, we, David Fine of Cocoa, FL, Gregory Vasquez of Cocoa, FL, and David P. Rounbehler of Las Cruces, NM, hereby assign to: GeNO LLC, a corporation of Delaware, having a place of business at 2941 Oxbow Circle, Cocoa, FL 32926; its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest throughout the world in the inventions and improvements which are subject of applications for United States Patent signed by us, entitled CONVERSION OF NITROGEN DIOXIDE (NO₂) TO NITRIC OXIDE (NO), filed January 28, 2009, and assigned U.S. Application Number 12/361,274, and we authorize and request the attorneys appointed in said applications to hereafter complete these assignments by inserting above the filing date and serial number of said applications when known; these assignments including said applications, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions or improvements, and the right to claim priority based on the filing date of said applications under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and we authorize the Assignee to apply in all countries in our name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and we agree for ourselves and our respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully these assignments.
