ASSIGNMENT OF PATENT RIGHTS

For valuable consideration, Telepathy Labs GmbH, a Switzerland limited liability company, having a place of business at: Militärstrasse 36, 8004 Zürich Switzerland hereby assigns to Telepathy Labs, Inc., a Delaware corporation having a place of business at: 3001 North. Rocky Point Drive East, Suite 200, Tampa, FL 33607 and its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest throughout the world in the inventions and improvements which are subject of an application for United States Patent signed by us this day, entitled DOMAIN ASSISTANT SYSTEM AND METHOD, filed on July 28, 2020, at the United States Patent and Trademark Office, under U.S. Non-Provisional Application Serial No. 16/965,526. We authorize and request the attorneys appointed in said application to hereafter complete this assignment by inserting the filing dates and serial numbers of said applications when known; this assignment including said applications, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions including any continuation applications, continuation-in part applications or divisional applications, and the right to claim priority based on the filing date of said applications under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and we authorize the Assignee to apply in all countries in our name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and we agree for ourselves and our respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.
