**WHEREAS**, following the Acquisition, Hunt Perovskite Technologies L.L.C. changed its name to Cubic Perovskite LLC by filing a Certificate of Amendment to Certificate of Formation of Hunt Perovskite Technologies, L.L.C. with the Secretary of State of the State of Delaware on June 25, 2021;

**WHEREAS**, Assignor is the owner of all rights, title and interest in and to the following: (1) all patents, patent applications and patent disclosures used in Assignor's business, including U.S. and foreign patents and patent applications and any future related applications, reissues, re-examinations, extensions, continuations, continuations-in-part, and divisionals based thereon and foreign counterparts of the foregoing, including those set forth in Exhibit A; (2) all other intellectual property rights, including inventions, ideas, copyrights, trade secrets, and industrial and other protected designs used in Assignor's business, whether or not registered, applied for, or unregistered (collectively, the "Assigned Intellectual Property"); and

**NOW THEREFORE**, for good and valuable consideration exchanged between the Parties, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. Assignment. Assignor hereby irrevocably conveys, transfers, and assigns to Assignee, and Assignee hereby accepts, all of Assignor's right, title, and interest in and to the Assigned Intellectual Property, including:

(a) all rights of any kind whatsoever of Assignor accruing under any of the Assigned Intellectual Property provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;
