## ASSIGNMENT

WHEREAS, PSI Water Technologies, Inc., a corporation of California, having a place of business at 1077 Dell Avenue, Suite A, Campbell, California 95008, hereinafter called the "assignor", owns the following patents and patent applications identified in attached Appendix A.

AND, WHEREAS, UGSI Solutions, Inc., a corporation of Delaware, having a place of business at 13135 Danielson Street, Suite 203, Poway, California 92064, hereinafter called the "assignee", is desirous of acquiring the entire right, title, and interest in and to said applications and patents and the inventions and improvements therein disclosed.

NOW, THEREFORE, for good and valuable consideration paid to us by said assignee, the receipt of which is hereby acknowledged, we as the owners of said applications and patents, do hereby assign, sell and transfer unto said assignee the full and exclusive right, title and interest in and to said applications and patents and the inventions and improvements therein disclosed for the United States, and all divisionals, non-provisionals, reissues, continuations, continuations-in-part, renewals and/or extensions thereof. Such assignment extends to the full ends of the terms of these applications and patents as fully and entirely as the same would have been held and enjoyed by us had this Assignment not been made.

We covenant that we are the lawful owner of said applications, patents, inventions and improvements, that the same are unencumbered, that no license has been granted to make, use or vend the said inventions or improvements or any of them, and that we have the full right to make this Assignment.

And for the consideration aforesaid, we agree individually and, if applicable, jointly that we will communicate to said assignee or the representatives thereof any facts known to us respecting said inventions and improvements, and will, upon request but without expense to us, testify in any legal proceedings, sign all lawful papers, execute all divisional, non-provisional reissue, continuation, continuation-in-part, renewal and/or extension applications, make all rightful oaths, and generally do all other and further lawful acts deemed necessary or expedient by said assignee or by counsel for said assignee to assist or enable said assignee to obtain and enforce full benefits from the rights and interests herein assigned. This Assignment shall be binding upon our heirs, executors, administrators and/or assigns, and shall inure to the benefit of the heirs, executors, administrators, successors and/or assigns, as the case may be, of said assignee.
