COMBINED ASSIGNMENT AND DECLARATION OF PATENT APPLICATION

Title of Invention: **FIXTURE FOR FOLDING A MINIATURE
BOX**

Application No. 17/852,150, filed on June 28, 2022

ASSIGNMENT

WHEREAS, I, **Leo Wright**, of **La Verkin, Utah** am an original inventor of the invention disclosed in the above-identified application for a United States Letters Patent, hereinafter referred to as "Inventor";

WHEREAS, IME Automation, a limited liability company of the State of Utah having a principal place of business at 310 West 600 North, La Verkin, Utah, 84745, hereinafter referred to as "IME Automation", is desirous of acquiring an interest in the invention and application and in any United States Letters Patent and Registrations which may be granted on the same;

For good and valuable consideration to the inventor, the receipt of which is hereby acknowledged, I have assigned, and by these presents do assign to IME Automation all right, title, and interest in and to the invention and application and to all foreign counterparts (including patent, utility model, and industrial designs), and in and to any Letters Patent and Registrations which may hereafter be granted on any patent application claiming priority from the same in the United States and all countries throughout the world, and to claim the priority from the application as provided by the Paris Convention. The right, title, and interest is to be held and enjoyed by IME Automation and IME Automation's successors and assigns as fully and exclusively as it would have been held and enjoyed by me had this Assignment not been made, for the full term of any Letters Patent and Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation, or extension thereof.

I further agree that I will, without charge to me, but at IME Automation's expense, (a) cooperate with IME Automation in the prosecution of U.S. Patent applications and foreign counterparts on the invention and any improvements, (b) execute, verify, acknowledge, and deliver all such further papers, including patent applications and instruments of transfer, and (c) perform such other acts as IME Automation lawfully may request to obtain or maintain Letters Patent and Registrations for the invention and improvements in any and all countries, and to vest title thereto in IME Automation, or IME Automation's successors and assigns. I waive any obligation of IME Automation to file foreign counterparts on the invention or continue pursuit of prosecution of the invention and application and to all foreign counterparts, IME Automation can in its sole discretion choose which countries to file foreign counterparts, unless I have previously informed IME Automation in writing of any foreign counterparts I would like the option to pursue or prosecute.

I hereby authorize and request Kilpatrick Townsend & Stockton LLP, Two Embarcadero Center, Suite 1900, San Francisco, CA 94111, to insert herein above an application number and filing date, when known, of any United States, International or foreign patent application that corresponds to the Application or is directed to any of the Invention(s).
