1. **DEFINED TERMS.** All initially capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement or, if not defined therein, in the Credit Agreement.

2. **GRANT OF SECURITY INTEREST IN PATENT COLLATERAL.** Each Grantor hereby unconditionally grants, assigns, and pledges to Administrative Agent for the benefit of Lenders to secure the Indebtedness, a continuing security interest (the “**Security Interest in Patents**”) in all of such Grantor’s right, title and interest in and to the following, now owned and existing or hereafter acquired or arising (collectively, the “**Patent Collateral**”):

(a) all of its Patents and Patent Licenses to which it is a party including those referred to on Schedule I;

Grantors shall give prompt notice in

writing to Administrative Agent with respect to any such new Patent or Trademark rights. Without limiting Grantors' obligations under this Section, Grantors hereby authorize Administrative Agent unilaterally to modify this Agreement by amending Schedule I or Schedule II, as applicable, to include any such new Patent or Trademark rights of any Grantor. Notwithstanding the foregoing, no failure to so modify this Agreement or amend Schedule I or Schedule II, as applicable, shall in any way affect, invalidate or detract from Administrative Agent's continuing security interest in all Collateral, whether or not listed on Schedule I or Schedule II, as applicable.
