ASSIGNMENT

For good and valuable consideration, the receipt of which is hereby acknowledged, I, the undersigned Assignor, Gerald Rocha, hereby:

1. Sell, assign and transfer to **Soni-Form, LLC.**, having a place of business at **3 Corporate Park Drive, Unit 3A, Derry, New Hampshire 03038**, its successors, assigns and legal representatives, all hereinafter referred to as the Assignee, my entire right, title and interest for the United States and all foreign countries, in and to any and all inventions and designs which are disclosed in the patents identified in **Schedule I** and in and to all corresponding Letters Patent, provisional, non-provisional, divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent, utility models, industrial designs or similar intellectual property rights which have been or shall be filed and/or granted in the United States, internationally, and in any foreign country, including but not limited to China, Japan and Korea, on any of the inventions and designs, and in and to all original and reissued patents which have been or shall be issued in the United States or any other jurisdiction on the inventions and designs (all hereafter "**Patents**"), including the right to apply for patent rights in each foreign country and all rights to priority, including the right to claim priority for China, Japan and Korea ; as well as the right to sue in its own name and recover damages for past infringement of any of the **Patents**, including a reasonable royalty relating to provisional rights under 35 U.S.C. § 154(d) that have attached to any published United States patent application, on the inventions and designs; and in and to all related know-how, trade secrets, confidential information, unpublished research and development information, unpublished unpatented inventions, unpublished technical data, and any other information, including but not limited to concepts, discoveries, engineering information, notes, formulae, schematics, sketches, processes, designs, sketches, photographs, plans, drawings, specifications, samples, reports, studies, findings, inventions, and ideas that are necessary for practicing the inventions and designs disclosed in the **Patents**;
2. Agree that the Assignee may apply for and receive Letters Patent and utility model and industrial design registrations for the inventions and designs disclosed in the **Patents** in its own name; and when requested, without charge to but at the expense of the Assignee, agree to carry out in good faith the intent and purpose of this Assignment, by executing all non-provisional, divisional, continuing, substitute, renewal, reissue, and all other patent, utility model and industrial design applications on any and all the inventions and designs, by executing all rightful oaths, assignments, powers of attorney and other papers, by communicating to the Assignee all facts known to me relating to the inventions and designs and the history thereof, and generally by doing everything reasonably possible which the Assignee shall consider desirable for aiding in securing and maintaining proper protection for the inventions and designs and for vesting title to the inventions and designs and all applications for patents and all patents on the inventions and designs, in the Assignee;
3. Request the Director of the United States Patent and Trademark Office and foreign patent authorities to issue the Letters Patent or other intellectual property rights, including foreign patents, to the Assignee;
4. Authorize and request Wolf, Greenfield & Sacks, P.C. to supply any missing patent identification information or correct any errors in the patent identification information provided above, whether discovered prior to or after recordation;
5. Covenant with the Assignee that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by me and that full right to convey the same as herein expressed is possessed by me; and

6. Appoint Assignee, through its designee, my attorney-in-fact to execute, in my name and on my behalf, any and all documents required to effectuate this Assignment, specifically including, but not limited to, those documents specified above and any necessary corrective assignments.

This instrument is executed under seal and signed under the pains and penalties of perjury under the laws of the United States of America.
