This CONFIRMATORY PATENT ASSIGNMENT (this "Confirmatory Assignment"), is made by and between Edgewell Personal Care Brands, LLC, a limited liability company organized under the laws of Delaware with an address at 6 Research Drive, Shelton, Connecticut 06484 ("Assignor") and Angelcare Feeding USA, LLC, a limited liability company organized under the laws of Delaware with an address at 2915 Ogletown Road, Newark, County of New Castle, Delaware, 19713, USA ("Assignee").

WHEREAS, Edgewell Personal Care Company, a Missouri corporation and an affiliate of Assignor ("Edgewell") and Le Holding Angelcare Inc. ("Angelcare"), a Canadian corporation and an affiliate of Assignee have entered into an Asset Purchase Agreement dated as of October 18, 2019 (the "Purchase Agreement") and a Patent Assignment Agreement (the "Patent Assignment") between the Assignor and the Assignee dated as of December 18, 2019 (the "Effective Date");

WHEREAS, under the terms of the Purchase Agreement and the Patent Assignment, Edgewell has agreed to cause Assignor to assign, or otherwise transfer or cause to be transferred, to Assignee as designee of Angelcare, the patents, patent applications, industrial design registrations, and industrial design applications as listed on Schedule A attached hereto (collectively, the "Assigned Patents").

NOW THEREFORE, for good and valuable consideration already provided and under terms consistent with the Purchase Agreement and the Patent Assignment, the receipt and sufficiency of which are hereby acknowledged,

the Assignor confirms by these presents that the Assignor had, as of the Effective Date, sold, assigned, granted, transferred and set over to the Assignee and does hereby sell, assign, transfer and set over to the Assignee, to any extent not already sold, assigned, granted, transferred or set over to the Assignee and to the Assignee's successors, assigns, nominees or other legal representatives, its right, title, interest, property and benefit, as contemplated in the Patent Assignment, in and to the Assigned Patents, including any and all corresponding applications whether in the form of divisions, continuations, re-examinations, re-issues and extensions thereof, any and all patents that may issue, be granted or result therefrom, and any and all rights of priority resulting from the filing of any of the above-identified applications and any previously filed applications in respect of the Assigned Patents under international conventions, treaties or otherwise, the same to be held and enjoyed as fully and exclusively as the same would have been held and enjoyed by the Assignor had agreement and the Patent Assignment not been made;

the Assignor grant to said Assignee, its successors, assigns, nominees or other legal representatives, including its patent agent **NORTON ROSE FULBRIGHT CANADA LLP/S.E.N.C.R.L., s.r.l.**, the power to insert on this Confirmatory Assignment any further information which may be necessary or desirable in order to comply with statutory requirements for recordation of this document.

ASSIGNOR UNDERSTANDS AND AGREES that the attorneys and agents of the law firm of Norton Rose Fulbright Canada LLP/S.E.N.C.R.L., s.r.l. do not personally represent Assignor or its legal interests, but instead represent the interests of Assignee.
