BEIJING XIYU INFORMATION TECHNOLOGY CO., LTD., a corporation formed under the laws of China, whose mailing address is Room A502-01, Floor 5(4), Block A, No. 9 Shangdi 3rd Street, Haidian District, Beijing, CHINA (hereafter referred to as the Assignee).

In consideration of the sum of One Dollar (\$1.00) or equivalent and other good and valuable consideration the receipt of which from the Assignee is hereby acknowledged, the undersigned Assignor hereby sells and assigns to the Assignee, the entire right, title and interest, including the right to sue for past infringement and to collect for all past, present and future damages, for the United States of America (as defined in 35 U.S.C. § 100) and throughout the world,

(a) in these inventions listed above, in any and all applications for patents filed or may be filed on these inventions in all countries throughout the world, including any PCT International Application and all national stage applications based thereon, and all patents issued upon such applications in all countries throughout the world, and

(b) in any and all applications in any country that claim the benefit of the patent applications filed or may be filed on these inventions, including non-provisional applications, continuing (continuation, divisional, or continuation-in-part) applications, reissues, extensions, renewals and reexaminations of the patent application or Letters Patent therefor listed above, and all rights to claim priority in any country on the basis of any such applications, and all extensions, renewals, and reissues thereof, to the full extent of the term or terms for which Letters Patents issue, and

(c) in any and all inventions described in the patents listed above, and in any and all forms of intellectual and industrial property protection derivable from such patents and patent applications, and that are derivable from any and all continuing

applications, reissues, extensions, renewals and reexaminations of such patents and patent applications, including, without limitation, patents, applications, utility models, inventor's certificates, and designs together with the right to file applications therefor; and including the right to claim the same priority rights from any previously filed applications under the International Agreement for the Protection of Industrial Property, or any other international agreement, or the domestic laws of the country in which any such application is filed, as may be applicable;

all such rights, title and interest to be held and enjoyed by the above-named Assignee, its successors, legal representatives and assigns to the same extent as all such rights, title and interest would have been held and enjoyed by the Assignor had this assignment and sale not been made.

The undersigned Assignor hereby authorizes and requests that any official of any country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment.

The undersigned Assignor agrees to execute all papers necessary in connection with the patents, applications, and any non-provisional, continuing (continuation, divisional, or continuation-in-part), reissue, reexamination or corresponding application(s) thereof and also to execute separate assignments in connection with such application(s) as the Assignee may deem necessary or expedient.

The undersigned Assignor agrees to execute all papers necessary in connection with any interference or patent enforcement action (judicial or otherwise) related to the patents, applications or any non-provisional, continuing (continuation, divisional, or continuation-in-part), reissue or reexamination application(s) thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference or patent enforcement action.

The undersigned Assignor hereby represents that he/she has full right to convey the entire interest herein assigned, and that he/she has not executed, and will not execute, any agreement in conflict therewith.

The undersigned Assignor hereby grants the patent practitioners associated with **CUSTOMER NUMBER 153988** the power to insert in this assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

IN WITNESS WHEREOF, executed by the undersigned Assignor and Assignee on the dates opposite the respective names of their representatives.
