ASSIGNMENT

WHEREAS, BioChem Technology, Inc., with its principal place of business located at 601 S. Henderson Road, Suite 153, King of Prussia, PA 19406 ("Assignor") is the owner of the entire right, title and interest in and to US Patent No. 9,863,908 issued January 9, 2018, and of the invention therein described; and

WHEREAS, GL-TURBO, LLC, with its principal place of business located at 221 Boston Post Road East, Suite 420, Marlborough, MA 01752 ("Assignee"), is desirous of acquiring the entire right, title and interest in and to said US Patent No. 9,863,908.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and of other good and valuable consideration, receipt of which is hereby acknowledged, the undersigned, intending to be legally bound, does hereby sell, assign and transfer to the assignee the entire right, title and interest, for the United States of America, its territories and possessions, and for all foreign countries, in said US Patent No. 9,863,908, all divisions and continuations thereof, all rights to claim priority based thereon, all rights to file foreign applications on said inventions, and all letters patents and reissues thereof, issuing for said inventions in the United States of America and in any and all foreign countries.

It is agreed that the undersigned shall be legally bound, upon request of the assignee, or its successors or assigns or a legal representative thereof, to supply all information and evidence of which the undersigned has knowledge or possession, relating to the making and practice of said inventions, to testify in any legal proceeding relating thereto, to execute all instruments proper to patent the inventions in the United States of America and foreign countries in the name of the assignee, and to execute all instruments proper to carry out the intent of this instrument.

The rights and property herein conveyed by the undersigned are free and clear of any encumbrance.

EXECUTED on July 7, 2022, 2022.
