**PATENT ASSIGNMENT**

THIS PATENT ASSIGNMENT (the "Assignment") is made and entered into this 31<sup>st</sup> day of August, 2018 by and among EK Success Ltd., a New York Corporation ("EK"), and K & Company LLC, a Delaware limited liability company ("K&Co" and, together with EK, "Assignor"), in favor of American Crafts L.C., a Utah limited liability company ("Assignee").

WITNESSETH:

WHEREAS, Assignor is the owner of all right, title, and interest in and to the patents, patent applications, design patents, design registrations, and design applications identified in Schedule A (hereinafter, the "Patents");

WHEREAS, Assignor and Assignee are parties to an Asset Purchase Agreement, dated as of the date hereof (the "APA"), by and among Assignor, Assignee, and the other parties listed thereto, pursuant to which Assignor agrees to assign to Assignee its right, title, and interest in and to certain assets, including the Patents; and

WHEREAS, Assignor and Assignee wish to document the assignment to Assignee of Assignor's right, title, and interest in and to each of the Patents.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, Assignor and Assignee hereby agree as follows:

Section 1. Assignment. Assignor hereby assigns and transfers to Assignee all of Assignor's right, title, and interest in and to each of the Patents and to the designs and/or inventions disclosed therein, including all divisions, continuations, reissues, re-examinations, review certificates, and extensions of any of the Patents and legal equivalents of any of the foregoing, and in and to all income, royalties, damages, claims, and payments now or hereafter due or payable with respect thereto, and all causes of action relating to enforcement of any of the Patents, including with respect to claims or causes of action arising from activities which precede the date of this Assignment.

Section 2. Acknowledgement. Assignor hereby acknowledges and agrees that from and after the date hereof, Assignee shall be the exclusive owner of all Assignor's right, title and interest in and to each of the Patents.

Section 3. Further Assurances. Assignor hereby covenants, at the reasonable request of Assignee, to do and perform, or to cause to be done and performed, all further acts and things, and to execute and deliver all further documents, in order to carry out the intent and accomplish the purposes of this Assignment and the consummation of the transactions contemplated hereby.

Section 4. Governing Law. This Assignment and any claim or controversy hereunder shall be governed by and construed in accordance with the laws of the State of Delaware without giving effect to the principles of conflict of laws thereof.

Section 5. Entire Agreement. This Assignment, together with the APA, contains the entire undertaking of Assignor with respect to the subject matter hereof, and merges and supersedes all prior and contemporaneous discussions, agreements and understandings of Assignor and Assignee relating to the subject matter hereof. The parties hereto intend that this Assignment is for recordation purposes only and its terms shall not modify and shall be subject to the applicable terms and conditions of the APA, which govern the parties' rights and interests in the Patents. In the event of any conflict between the terms of this Assignment and the terms of the APA, the terms of the APA shall control.
