(hereinafter "the Application" or "aforesaid Application"), to the invention described in the Application and to any previously filed applications from which a priority date is being claimed by the aforesaid Application, and to any formal application(s) which may be filed based in whole or in part on the aforesaid Application, in the United States and all foreign countries, including any provisional, non-provisional, continuation, continuation-in-part, divisional, continued prosecution, substitute, renewal, extension, reissue, reexamination, foreign, Patent Cooperation Treaty (PCT) or other patent application(s), inventor's certificate, utility model, or like document together with the right of priority under any international conventions, treaties and/or agreements to which the United States currently adheres and adheres to in the future, and hereby authorizes and requests (hereinafter "the invention").

1) Each undersigned ASSIGNOR agrees to execute all papers necessary in connection with the aforesaid Application and any application and/or patent for the invention and also to execute separate assignments in connection with such applications and patents as the ASSIGNEE may deem necessary.

2) Each undersigned ASSIGNOR agrees to execute all papers necessary in connection with any interference or post-grant proceeding which may be declared concerning the aforesaid Application or any application or patent for the invention and to cooperate with the ASSIGNEE in every way possible in obtaining evidence and going forward with such interference or post-grant proceeding.

3) Each undersigned ASSIGNOR agrees to execute all papers and documents and perform any act which may be necessary in connection with claims or provisions of the International Convention for Protection of Industrial Property or similar agreements.

4) Each undersigned ASSIGNOR agrees to perform all affirmative acts which may be necessary to obtain, maintain or confirm by reissue or reexamination a grant of a valid United States patent to the ASSIGNEE in and to the aforesaid Application or any invention.

5) Each undersigned ASSIGNOR authorizes and requests the Commissioner of the U.S. Patent and Trademark Office to issue any and all patents resulting from the aforesaid Application to the said ASSIGNEE, as ASSIGNEE of the entire interest, and covenants that he or she has full right to convey the entire interest herein assigned, and that he or she has not executed, and will not execute, any agreement(s) in conflict herewith, and agrees that this assignment is binding on ASSIGNOR and ASSIGNOR's heirs, successors, assigns and legal representatives.

6) Each undersigned ASSIGNOR hereby grants ASSIGNEE's legal representative the power to insert on this assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or any foreign patent office, for recordation of this document.

**(13) Declaration**

As to each undersigned ASSIGNOR:

As an above-named inventor, I hereby declare that:
