**COMBINED DECLARATION AND ASSIGNMENT
FOR A UTILITY OR DESIGN PATENT APPLICATION
USING AN APPLICATION DATA SHEET**

DECLARATION:

As a below-named inventor, I hereby declare that the application having the below properties:

Title: MODULAR VALVE ASSEMBLY

Application Number: 17/360,265

Filing Date: June 28, 2021

was made or authorized to be made by me.

I believe I am the original inventor or an original joint inventor of a claimed invention in the above-identified patent application.

I have reviewed and understand the contents of the above-identified patent application, including the claims.

I acknowledge the duty to disclose to the Patent and Trademark Office all information known to me to be material to patentability of the claims in the above-identified patent application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

ASSIGNMENT:

I, for valuable consideration received, do hereby assign to **Fischer Controls International LLC** ("Assignee"), having a place of business at 205 South Center Street, Marshalltown, Iowa, 50158, United States of America, my entire worldwide right, title, and interest in:

all inventions disclosed or claimed in the above-identified patent application, and improvements thereof, including all inventions and improvements that have been or might be disclosed or claimed in a divisional, continuation, continuation-in-part, substitute, provisional, non-provisional, renewal, reissue, or other patent application based on, or claiming priority to, the above-identified patent application;

the right to claim priority to the above-identified patent application; and

the right to sue for past, present, and future infringement of any patents obtained for the inventions and improvements.

I further:

represent that I have the full right and authority to assign the rights assigned herein;

represent that I have made no other assignment, grant, mortgage, license, or other agreement affecting the rights assigned herein, except to the extent that I have already assigned such rights to the Assignee, in which case this present assignment should be understood as confirmatory of my assignment to the Assignee;

authorize and request that any United States or foreign patents based on the rights assigned herein should be issued to the Assignee;

agree when requested and at the expense of the Assignee to carry out in good faith the intent and purpose of this assignment; to execute all oaths, declarations, assignments, powers of attorney, and other papers necessary to perfect and vest title to the rights assigned herein to the Assignee; and generally to do everything possible that the Assignee shall consider desirable for securing, maintaining, and enforcing patent protection of the rights assigned herein;

authorize the attorneys of record in the above-identified application to insert in this document the filing date and application number of the above-identified application when such information is known; and

agree that this assignment shall be binding on my heirs, assigns, representatives, and successors, and shall extend to the successors, assigns, and nominees of the Assignee.
