ASSIGNMENT OF RIGHTS

WHEREAS, Ubiquitous Connectivity, LP, a Domestic Limited Partnership under Texas law with an address at 3472 W. Cork Lane, Fayetteville AR 72704 ("ASSIGNOR") has obtained rights to various patent applications and some resulting patents from a patent application family that included United States Provisional Patent Application No. 60/522,887 filed on November 18, 2004 for UBIQUITOUS CONNECTIVITY AND CONTROL SYSTEM FOR REMOTE LOCATIONS.

This patent family ("above-identified applications") includes:

United States Patent No. 8,064,935 issued November 22, 2011 for UBIQUITOUS CONNECTIVITY AND CONTROL SYSTEM FOR REMOTE LOCATIONS;

United States Patent No. 9,602,655 issued March 21, 2017 for UBIQUITOUS CONNECTIVITY AND CONTROL SYSTEM FOR REMOTE LOCATIONS;

United States Patent No. 10,344,999 issued July 9, 2019 for UBIQUITOUS CONNECTIVITY AND CONTROL SYSTEM FOR REMOTE LOCATIONS;

United States Patent Application No. 17/183,782 filed February 24, 2021 for UBIQUITOUS CONNECTIVITY AND CONTROL SYSTEM FOR REMOTE LOCATIONS; and

various other applications and patents that claim the benefit of the '887 provisional patent application or claim priority to any of the applications that led to the '935 patent, the '655 patent, or the '999 patent.

WHEREAS, Charles Shamoan, an individual living at 3472 W. Cork Lane, Fayetteville AR 72704 (hereinafter, together with any successors, assigns, legal representatives of assignee or to any number of iterations of successors and assigns, collectively called "ASSIGNEE") is desirous of transferring and memorializing the transfer of the entire right, title and interest therein for ASSIGNEE;

NOW, THEREFORE, for \$5.00 and unreimbursed contributions received by ASSIGNOR through ASSIGNOR's relationship with ASSIGNEE and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ASSIGNOR by these presents hereby sells, assigns, and transfers unto the said ASSIGNEE the full, exclusive, non-revocable, and worldwide rights, to the said improvements, including improvements to ornamental design, and to all of ASSIGNOR's copyrights in the above-identified applications, including:

all rights currently owned or acquired in the future by ASSIGNOR in any patent, design registration, or other legal document claiming one or more aspects of the improvements described in the above-identified applications including any improvement not explicitly claimed in the above-identified applications; and

including any patent, design registration, or other legal document which do not claim priority to the applications identified above;

all rights currently owned or acquired in the future by ASSIGNOR in any patent, design registration, or other legal document that claims any of the above-identified applications as a priority document, and any patent which results directly or indirectly through any number of links to the any of the above-identified patent applications, including links such as: one or more provisional applications which include the subject matter in the applications identified above, including design patent applications, design registrations, one or more continuation or divisional applications, one or more continuation-in-part applications, one or more reissue processes, one or more re-examination proceedings, or any other like processes to any of the above;

and the right to claim priority to one or more of the applications identified above for all member countries under any international agreements concerning intellectual property, including but not limited to rights such as utility patent, extensions, design patent, design registrations, utility model registration, inventor's certificates, defensive publications, and the like; and the results of any process granting legal rights within the United States or anywhere in the world.

ASSIGNOR hereby authorizes and requests the Commissioner for Patents of the United States Patent and Trademark Office, and any officials of foreign or other patent systems whose duty it is to issue patents or related rights on applications as referenced above to issue any patents or document conveying rights arising from any of the above-identified patent applications to ASSIGNEE in accordance with the terms of this assignment for ASSIGNEE's sole use and behalf, to the full end of the term for which any patent may be granted, as fully and entirely as the same would have been held by ASSIGNOR had this assignment and sale not been made.

ASSIGNOR conveys to ASSIGNEE the right to claim all legally recognized forms of damages, including enhancement for willfulness, and relief under equity for infringement of any of the patents that arose from the above-identified applications, including damages that relate to infringement occurring before the effective date of this assignment.

ASSIGNOR conveys to ASSIGNEE the right to step into the shoes of ASSIGNOR and maintain any now pending legal action with respect to any of the patents that arose from the above-identified applications and to settle or dismiss such legal action with the same rights and authority as held by ASSIGNOR before the execution of this assignment.

ASSIGNOR agrees that upon request of ASSIGNEE, and without further remuneration, to execute any and all papers desired by ASSIGNEE, for full protection and title in and to the improvements hereby transferred including any and all papers

desired by ASSIGNEE for: advancement of the application in the United States, including declarations of inventorship; filing and granting of foreign applications; or perfecting of title in ASSIGNEE.

ASSIGNOR hereby further covenants and agrees that ASSIGNOR has the full right to convey the entire interest herein assigned, and ASSIGNOR has not and will not execute any agreement in conflict herewith.

ASSIGNOR agrees that if any provision of this Assignment shall for any reason be held to be invalid or unenforceable, such decision shall not affect, impair or invalidate the remainder of this Assignment but shall be confined in its operation to the provision of this Assignment directly involved in the controversy in which the decision was rendered. The invalid or unenforceable provision shall be reformed so that ASSIGNOR shall have the obligation to perform reasonably in the alternative to give the ASSIGNEE the benefit of its bargain. In the event the invalid or unenforceable provision cannot be reformed, the other provisions or applications of this Assignment shall be given full effect, and the invalid or unenforceable provision shall be deemed struck.

ASSIGNOR and the ASSIGNEE intend and agree that the substantive law of the State of Arkansas shall govern any dispute that relates in any way to this Assignment of Rights, regardless of any contrary result suggested by any choice-law rules.

ASSIGNOR and the ASSIGNEE intend and agree to submit any dispute that relates in any way to this Assignment of Rights to the exclusive jurisdiction of the state or federal courts having jurisdiction over Fayetteville, Arkansas.
