ASSIGNMENT

FOR GOOD AND VALUABLE CONSIDERATION, the receipt and sufficiency of which are hereby acknowledged, **Mohawk Energy Limited**, a limited partnership organized, existing, and doing business at 5440 Guhn Rd., Houston, TX 77040 (sometimes hereinafter called "ASSIGNOR"), does hereby assign, sell, grant and convey to **Coretrax Americas Limited**, a limited partnership organized, existing, and doing business at 12227 Farm to Market Road 529, Houston, TX 77041 (sometimes hereinafter called "ASSIGNEE"), its successors and assigns, the entire right, title and interest throughout the world in and to:

1. Any and all inventions that are the subject of the patents and patent applications identified in Schedule A;
2. Said patents and patent applications identified in Schedule A;
3. All applications for patent or like protection on said inventions that have now been or may in the future be made by Assignor or its successors or assigns, including any continuation, continuation-in-part and any other utility applications that may be based on said inventions, whether in the United States of America or any other place anywhere in the world;
4. All patents and like protection that have now been or may in the future be granted on said inventions to Assignor or its successors or assigns, whether in the United States of America or in any other country or place anywhere in the world;
5. All substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extensions, and the like of said applications and patents and like grants, including without limitation, those obtained or permissible under past, present and future laws and statutes;
6. All rights of action on account of past, present and future unauthorized use of said inventions and for infringement of said patents and like protection;

7. The right in ASSIGNEE to file in its name applications for patents and like protection for said inventions in any country or countries foreign to the United States; and

8. All international rights of priority associated with said inventions, applications, patents and like protection; and Assignor covenants that Assignor, and its successors and assigns, will, at the expense of ASSIGNEE, its successors and assigns, execute all papers and perform such other acts as may be reasonably necessary to give ASSIGNEE, its successors and assigns, the full benefit of this Assignment.
