Safran Passenger Innovations Germany GmbH

**Oliver Lücke**

RE: Assignment of Rights re "Hybrid Steerable Avionic Antenna"

Dear Oliver,

We claim the above mentioned invention. Hence, all rights are now merged to Safran Passenger Innovations Germany GmbH ("the company" or "we").

The invention was filed as a US provisional application having serial number US 62/165,633 filed on May 22, 2015. A PCT application was also filed in WIPO having serial no. PCT/US2016/033770 was filed on May 23, 2016, and a patent application was filed in the US having serial no. 15/161,974 on May 23, 2016, now issued patent no. 10,468,759.

In order to accelerate and simplify formal processes, we offer the following regulation in view of the above mentioned invention.

With your signature you resign your rights for filing an application in your name for this invention in all countries in which the company does not file applications. For this invention, there is no plan to file future applications in any other country outside of the U.S.

Moreover, you resign with your signature from demanding transfer of rights to you for prosecuting the right on your own costs. This applies in case one or more of the filed applications or granted property rights are abandoned or not further prosecuted by the company.

Therefor and in order to value your work, the company will pay you if it hasn't already the sum set forth in the company's employment manual.

This is the amount which exceeds or corresponds to your share on the invention, which is 50%, as stated on the invention disclosure.

This amount will not be deducted from a later inventor's compensation which might be paid due to legal requirements.

Please keep the original and send a signed copy of this letter and the enclosure to Josette Morlas at your earliest convenience.

Agreed on 30.6., 2022
