COMBINED ASSIGNMENT & POWER OF ATTORNEY

This Combined Assignment & Power of Attorney (“**Instrument**”) has been executed by the undersigned.

RECITALS

WHEREAS, the undersigned, to wit: Daniel A. Summers (“**Assignor**”), residing at 490 Airport Road, Alpine, Wyoming 83128, is the sole inventor for each of the patents and patent applications identified in the attached **Exhibit A** (collectively, the “**Identified Patent Assets**”); and

WHEREAS, the undersigned, to wit: QTM, LLC (“**Assignee**”), a Virginia limited liability company having an office at 301 E. Progress Lane, P.O. Box 940, Madison Heights, Virginia 24572, desires to acquire the entire right, title and interest in and to the Identified Patent Assets and the inventions described therein.

ARTICLE 1 – ASSIGNMENT

1.1 NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby sell, assign, transfer and convey, and hereby set over unto Assignee, its successors, assigns and legal representatives, the full and exclusive right, title and interest in and to the Identified Patent Assets, the inventions described therein, and all patents issuing therefrom in all countries and jurisdictions to the full end of the terms for which such patents may be granted, to be held, used and enjoyed by, and in the name of, Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment and sale not been made, including, without limitation: (i) any and all improvements, betterments and modifications of such inventions; (ii) all patent applications to which the Identified Patent Assets claim priority, including, without limitation, any provisional patent application (collectively, “**Ancestral Applications**”); (iii) all patent applications that claim priority to the Identified Patent Assets or any Ancestral Application, including, without limitation, divisions, continuations, continuations-in-part, non-provisionals of provisionals, design patent applications claiming priority to non-provisionals, patents of addition, reissues, reexaminations, foreign counterparts and foreign equivalents thereof, substitutions of or for any of the foregoing applications (the Identified Patent Assets, Ancestral Applications and the other applications listed above, collectively referred to herein as “**Family Applications**”); (iv) all patents issuing or granted from the Family Applications; (v) all foreign rights related to the Family Applications, including, without limitation, the right to make applications for patents for such invention in any and all foreign countries and the right to claim priority as to the filing dates of the Family Applications under the International Convention, Patent Cooperation Treaty, European Patent Convention and any other international treaty; and (vi) all income, royalties, damages and payments related to the inventions or patent rights assigned hereunder that are due or payable to Assignor as of the execution of this Instrument or thereafter, including, without limitation, all claims for damages (whether royalty-based or profit-based) arising from past, present or future infringement or other unauthorized use of the inventions, patent applications or patents assigned hereunder, together with the right to sue for, and collect such damages (all of

the foregoing items set forth in this **Section 1.1** being collectively referred to as the “**Assigned Assets**”).

1.2 Patent Office Authorization. Assignor hereby authorizes and requests the patent office of the country in which this Instrument is recorded to issue to Assignee or its successors or assigns, all patents within and issuing from the Assigned Assets.

1.3 Further Documentation. Assignor hereby agrees, upon request of Assignee, its successors, assigns or legal representatives, and without further remuneration, to execute any and all papers desired by Assignee, its successors, assigns and legal representatives, for the filing, prosecution, granting and maintenance of the Assigned Assets and the perfecting of title thereto in Assignee, its successors, assigns and legal representatives.

1.4 Cooperation. Assignor furthermore agrees to execute any papers, provide any information and testify in any legal or administrative proceeding, interference or litigation at the request of Assignee, its successors, assigns and legal representatives, for purposes of Assignee’s, its successors’, assigns’ and legal representatives’ full enjoyment, protection, enforcement and title in and to the Assigned Assets; provided, however, that Assignee shall reimburse Assignor for any reasonable, out-of-pocket travel expenses and daily loss in personal wages caused by any testifying required by this Section.

1.5 Severability. In the event that, and only to the extent that: (i) any provision of this Instrument violates the applicable law of any country or jurisdiction in which this Instrument is recorded, registered or asserted for legal purposes; or (ii) any court of competent jurisdiction adjudges any provision of this Instrument to be invalid or unenforceable, such violation or judgment shall not affect, impair or otherwise invalidate the remainder of this Instrument in such country or jurisdiction, but shall be confined in its operation to the specific provision of this Instrument which gave rise to such violation or judgment.

ARTICLE 2 – POWER OF ATTORNEY BY INVENTOR AND ASSIGNEE

2.1 Appointment of Practitioners. Assignee and the below-named inventor (each, a “**Party**”), each hereby individually appoints the practitioners associated with the following Customer Number:

72742

as such Party’s attorneys with full power of substitution and revocation, to prosecute and maintain the Assigned Assets and to transact all business in the USPTO connected therewith.

2.2 Correspondence. Each Party hereby instructs the USPTO to direct all correspondence to the address associated with such Customer Number.
