- (1) The entire right, title and interest to the U.S. Patent No. 9312671 issued April 12, 2016, to each U.S. and foreign patent application and patent to which such patent claims priority, in whole or in part, and that claim priority, in whole or in part, to such patent, and to the inventions described or claimed by such patent (the "Patent");
- (2) The entire right, title and interest to any United States or foreign patents that may issue with respect to the inventions claimed in the Patent;
- (3) The entire right, title and interest to any continuations, continuations-in-part, divisions, renewals, reissues, extensions, and substitutions of the Patent;
- (4) The right to apply for patents based on the Patent in the U.S. and foreign countries in its own name and to claim any priority rights to which such applications are entitled under international conventions, treaties or otherwise; and
- (5) The right to enforce patent rights in the Patent as fully and entirely as the same would have been held and enjoyed by the Assignors if this assignment had not been made; together with all claims by Assignors for damages by reason of past infringement or for provisional rights and including the right to sue for, and collect the same for their own use and benefit, and for the use and benefit of their successors, assigns, and other legal representatives.

Assignors further agree for themselves and for their respective successors and assigns to execute and deliver without further consideration any further applications, assignments or other documents and to perform such other lawful acts as Assignee, its successors and assigns may reasonably deem necessary to fully secure, maintain and enforce its rights, title or interest as outlined herein, and Assignee shall reimburse Assignors for their reasonable costs and expenses incurred in connection with the foregoing.

Assignors hereby authorize the Commissioner for Patents in the United States Patent and Trademark Office to record and register this Patent Assignment upon request by Assignee.
