ASSIGNMENT

WHEREAS, I, **Jacob Waugh, M.D.**, the undersigned inventor (hereinafter "Assignor") have made new and useful invention(s) as set forth and disclosed in the patent application(s) listed in **Schedule A** attached hereto (hereinafter the "Invention"):

WHEREAS, **Tiger Development, LLC**, a company existing under the laws of Arizona having a place of business at 1187 Coast Village Rd., Santa Barbara, California 93108 ("Assignee"), is desirous of acquiring Assignor's entire right, title, and interest in and to said Invention and in and to any and all Letters Patent of the United States and foreign countries that may be obtained therefore;

NOW, THEREFORE, for good and valuable consideration, the receipt therefor and sufficiency of which is hereby acknowledged, at least as of August 17, 2020, Assignor does hereby confirm Assignor's previous assignment and does hereby sell, assign, transfer, and set over unto Assignee, its legal representatives, successors, and assigns, Assignor's entire right, title, and interest in and to said Invention as set forth in the scheduled applications, including any applications which claim priority to the Invention, any applications to which the Invention claims priority, and any continuations, continuations-in-part, divisions, registrations, reissues, re-examinations or extensions thereof, whether in the U.S. or any foreign country, and in and to any and all patents of the United States and foreign countries (i.e., worldwide) which may be issued for said Invention;

AND for good and valuable consideration, the receipt for and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, transfer, and set over unto Assignee, its legal representatives, successors, and assigns all rights to claim priority rights deriving from the Invention and subsequent applications; all causes of action and remedies related to the Invention and subsequent applications (including, without limitation, the right to sue for past, preset, or future infringement, misappropriation or violation of rights related to any of the foregoing and the right to collect royalties and other payments under or on account of any of the foregoing); and any and all other rights and interests arising out of, in connection with, or in relation to the Invention and subsequent applications.

UPON SAID CONSIDERATION, Assignor shall not execute any writing or do any act whatsoever conflicting with the terms and conditions of this Assignment, and that Assignor will, at any time upon request, without further or additional consideration, but at the expense of said Assignee, execute such additional assignments and other writings and do such additional acts as said Assignee may deem necessary or desirable to perfect Assignee's enjoyment of this grant, and render all necessary assistance in making application for or obtaining original patents or

applications, continuations, continuations-in-part, divisions, registrations, reissues, re-examinations, or extensions thereof, whether in the U.S. or any foreign country, for said Invention, and in enforcing any rights or chooses in action accruing as a result of such applications or patents, by giving testimony in any and all proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind and inure the benefit of the assigns and legal representatives of Assignor and Assignee.

The undersigned hereby grant(s) the representative patent attorney the power to insert on this Assignment any further identification, including the country, application number, filing date and/or title, which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or other patent office for recordation of this document; and

The undersigned requests that any patents that may be issued for said Invention be issued to said Assignee, its legal representatives, successors or assignees, as an owner of my/our entire right, title, and interest in and to said patent and the Invention covered thereby.

IN WITNESS WHEREOF, we have respectively hereunto set our hands and/or seals:

(1) Assignor: **Jacob Waugh, M.D.**

ASSIGNMENT

WHEREAS, I, **Jonah Shacknai, J.D.**, the undersigned inventor (hereinafter "Assignor") have made new and useful invention(s) as set forth and disclosed in the patent application(s) listed in **Schedule A** attached hereto (hereinafter the "Invention"):

WHEREAS, **Tiger Development, LLC**, a company existing under the laws of Arizona having a place of business at 1187 Coast Village Rd., Santa Barbara, California 93108 ("Assignee"), is desirous of acquiring Assignor's entire right, title, and interest in and to said Invention and in and to any and all Letters Patent of the United States and foreign countries that may be obtained therefore;

NOW, THEREFORE, for good and valuable consideration, the receipt therefor and sufficiency of which is hereby acknowledged, at least as of August 17, 2020, Assignor does hereby confirm Assignor's previous assignment and does hereby sell, assign, transfer, and set over unto Assignee, its legal representatives, successors, and assigns, Assignor's entire right, title, and interest in and to said Invention as set forth in the scheduled applications, including any applications which claim priority to the Invention, any applications to which the Invention claims priority, and any continuations, continuations-in-part, divisions, registrations, reissues, re-examinations or extensions thereof, whether in the U.S. or any foreign country, and in and to any and all patents of the United States and foreign countries (i.e., worldwide) which may be issued for said Invention;

AND for good and valuable consideration, the receipt for and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, transfer, and set over unto Assignee, its legal representatives, successors, and assigns all rights to claim priority rights deriving from the Invention and subsequent applications; all causes of action and remedies related to the Invention and subsequent applications (including, without limitation, the right to sue for past, preset, or future infringement, misappropriation or violation of rights related to any of the foregoing and the right to collect royalties and other payments under or on account of any of the foregoing); and any and all other rights and interests arising out of, in connection with, or in relation to the Invention and subsequent applications.

UPON SAID CONSIDERATION, Assignor shall not execute any writing or do any act whatsoever conflicting with the terms and conditions of this Assignment, and that Assignor will, at any time upon request, without further or additional consideration, but at the expense of said Assignee, execute such additional assignments and other writings and do such additional acts as said Assignee may deem necessary or desirable to perfect Assignee's enjoyment of this grant, and render all necessary assistance in making application for or obtaining original patents or

applications, continuations, continuations-in-part, divisions, registrations, reissues, re-examinations, or extensions thereof, whether in the U.S. or any foreign country, for said Invention, and in enforcing any rights or chooses in action accruing as a result of such applications or patents, by giving testimony in any and all proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind and inure the benefit of the assigns and legal representatives of Assignor and Assignee.

The undersigned hereby grant(s) the representative patent attorney the power to insert on this Assignment any further identification, including the country, application number, filing date and/or title, which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or other patent office for recordation of this document; and

The undersigned requests that any patents that may be issued for said Invention be issued to said Assignee, its legal representatives, successors or assignees, as an owner of my/our entire right, title, and interest in and to said patent and the Invention covered thereby.

IN WITNESS WHEREOF, we have respectively hereunto set our hands and/or seals:
