ASSIGNMENT OF INVENTION(S), PATENT APPLICATION(S) AND/OR PATENT(S)

We, **Roger P. REID** and **Bruce D. SAASKI** (hereinafter designated as the Assignors), in consideration of good and valuable consideration paid to us, agree to assign, and hereby do assign, transfer and set over to **OMNIPURE FILTER COMPANY, INC.** (hereinafter designated as the Assignee) at the address of 1904 Industrial Way, Caldwell, ID 83605, the entire right, title and interest in and to the invention known as "**FILTER BLOCK FOR LIQUID FILTRATION**", for which a U.S. Design Application was filed in the United States Patent and Trademark Office on May 4, 2010 and given Serial No. **29/360,970**, and issued as Patent **D639,899** on June 14, 2011, which patent application and the resulting patent are also hereby assigned, transferred, and set over to Assignee.

1) We agree without further consideration to execute all papers necessary or convenient in connection with the above patent to protect the invention and also to execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

2) We agree without further consideration to execute all papers necessary or convenient in connection with any interference, re-examination, reissue or other post issue proceeding which may be declared concerning any application(s)/patent(s) relating to the invention and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with any such proceedings.

3) We agree without further consideration to perform all affirmative acts, and communicate to said Assignee or its representatives any facts known to us regarding said invention, and generally to do everything possible which may be necessary or convenient to obtain grants of valid patents to the Assignee relating to the invention.

4) We hereby grant the Assignee and its duly authorized representatives the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

NOW THEREFORE, Assignors hereby forever transfer and assign unto Assignee all right, title, and interest, in and to the subject invention(s) and application(s)/patent(s); the same to be held and enjoyed by Assignee, its heirs, successors, assigns, and legal representatives, as completely as if the inventions would have been held by Assignors had this assignment not been made, including the right to sue for past infringements.
