PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT, dated as of October 31, 2020 (this "Assignment"), is entered into among AMI BioMed, LLC ("Assignor"), and Balanced Pharma Incorporated, a Delaware corporation ("Assignee").

WHEREAS, Assignee and Assignor have entered into that certain Founder's Stock Purchase Agreement, dated as of October 31, 2020, pursuant to which Assignor has agreed to enter into this Assignment to effect the sale, transfer, assignment, conveyance and delivery from Assignor to Assignee of all rights, title and interests in the patents set forth on Exhibit A (the "Patents").

NOW, THEREFORE, in consideration of the mutual promises made herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and upon the terms and subject to the conditions set forth herein, the parties hereto hereby agree as follows:

1. Assignment. Assignor does hereby irrevocably and unconditionally grant, sell, transfer, convey, assign and deliver to Assignee all of Assignor's right, title and interest in and to the Patents set forth on Exhibit A, including, without limitation, all divisions, continuations, continuations-in-part, reexaminations, substitutions, reissues, extensions, and renewals of the applications and registrations for the Patents (and the right to apply for any of the foregoing anywhere in the world); all rights to causes of action and remedies related thereto (including, without limitation, the right to sue for past, present or future infringement, misappropriation or violation of rights related to the foregoing, and all rights to recover damages or lost profits in connection therewith); and any and all other rights and interests arising out of, in connection with, or in relation to the Patents under the laws of the United States or any foreign jurisdiction, now or hereinafter in effect. Assignor does further consent to the recordation of this Assignment by Assignee with the United States Patent and Trademark Office or with any foreign patent or intellectual property office.

2. Further Assurances. Assignee shall be solely responsible for all actions and all costs whatsoever, including attorney's fees, arising after the date hereof and associated with the prosecution and the maintenance of the Patents set forth on Exhibit A, and Assignor shall have no obligation to pay any prosecution costs and/or maintenance fees which become due for the Patents after the date hereof. Assignee shall be responsible for preparing and translating any documents that Assignee records to perfect its right, title and interest in the Patents set forth on Exhibit A in any jurisdiction and all costs and fees associated with such recordation documents.

[Signature Page Follows]

IN WITNESS WHEREOF, each of Assignor and Assignee have caused this Assignment to be signed by its proper and duly authorized officer as of the date and year first written above.
