Title: SYSTEMS AND METHODS FOR REMOVAL OF BLOOD AND THROMBOTIC MATERIAL

Inventors: Bradley S. Culbert, Thanh Van Nguyen, Caroline Kim

Declaration

This Declaration is directed to the application identified that:

Was filed February 14, 2022 as U.S. Application No. 17/671,462 and incorporating any amendments made thereto prior to the signature date of this Declaration.

As a named inventor, I declare that:

The above-identified application was made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor in the application.

I hereby acknowledge that any willful false statement made in this Declaration is punishable under 18 USC 1001 by fine or imprisonment of not more than five (5) years, or both.

I have reviewed and understand the contents of the above-identified application, including the claims, as amended by any amendment.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

Assignment from Inventors

WHEREAS, above-identified inventor(s) (hereinafter referred to singly and collectively as "Assignor") invented certain new and useful improvements, technology, inventions, developments, ideas, ornamental designs or discoveries, and hereby assign or are under an obligation to assign to the below identified Assignee the above-titled application (collectively hereinafter referred to as the "Work") for which an application for Letters Patent in the United States (identified above) has been prepared for filing with the United States Patent and Trademark Office (hereinafter the "Application");

AND WHEREAS, Walk Vascular, LLC, a limited liability company, with its principal place of business at 17171 Daimler Street Street, Irvine, CA 92614 (hereinafter the "Assignee"), desires to acquire the entire right, title, and interest in and to the Application and the Work;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby acknowledges that Assignor has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over unto said Assignee, its successors, legal representatives and assigns, the entire right, title, and interest throughout the world in the Application and the Work, including all patent properties filed or issued upon the Application and the Work; where "Patent Properties" include, but are not limited to:

all provisional applications relating thereto (including but not limited to U.S. Provisional Application No(s). 63/149,623, filed February 15, 2021);

all nonprovisional applications claiming priority to aforementioned provisional application(s) and/or the present Application, including, all divisions, continuations, continuations-in-part, reissues, and reexaminations thereof, and all Letters Patent of the United States which may be granted thereon and all reissues and extensions thereof, and all rights and priority under International Conventions and any related Letters Patent which may hereafter be granted or filed in any county or countries foreign to the United States, all extensions, renewals and reissues thereof; and

Assignor hereby acknowledges the Assignee as the Applicant for all aforementioned patent properties, and authorizes and requests the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all related Letters Patent to the Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

AND ASSIGNOR DOES HEREBY sell, assign, transfer, and convey to Assignee, its successors, legal representatives, and assigns, all claims for damages and all remedies arising out of any violation of the rights assigned hereby that may have accrued prior to the date of assignment to Assignee, or may accrue hereafter, including, but not limited to the right to sue for, collect, and retain damages for past infringements of said Letters Patent before or after issuance.

AND ASSIGNOR DOES HEREBY covenant and agree that Assignor will communicate to said Assignee, its successors, legal representatives and assigns, any facts known to Assignor respecting the Work, and testify in any legal proceeding, assist in the preparation of any other Patent Property relating to the Application and the Work or any improvements made thereto, sign/execute all lawful papers, authorize the filing of and execute and make all rightful oaths and/or declarations in connection with the Application and the Work including any improvements made thereto, any patent applications filed therefrom, and any continuing application filed from any of the aforementioned applications, and generally do everything possible to aid the Assignee, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for the Work in all countries.

ASSIGNOR DOES HEREBY represent and warrant that (a) Assignor has the full and unencumbered right to sell, assign, transfer, and set over the entire right, title, and interest sold, assigned, transferred, and set over herein to Assignee; (b) Assignor has no obligation to sell, assign, transfer, or set over any right, title, or interest herein to an entity other than Assignee; (c) that Assignor has not executed and will not execute any document or instrument in conflict herewith; (d) no consents of any other parties are necessary or appropriate under any agreements regarding the Work, Applications, or Patent Properties described above for the assignment of Assignor's entire right, title, and interest herein to be legally effective; and (e) to the best of Assignor's knowledge, upon consummation of this Assignment, Assignee will have good and marketable title to all the Work, Application, and Patent Properties described above, free and clear of any and all encumbrances, pledges, security interests, licenses or charges of any nature whatsoever.

Assignor hereby grants to **Blair Walker IP Services, LLC** the power and authority to insert in this Assignment any further identification which may be necessary or desirable to comply with the rules of the U.S. Patent and Trademark Office for recordation of this Agreement.

Assignor understands and agrees that **Blair Walker IP Services, LLC** does not personally represent Assignor or Assignor's legal interests, but instead represents the interests of Assignee, and because **Blair Walker IP Services, LLC** cannot provide legal advice to Assignor with respect to this Assignment, Assignor acknowledges its right to seek its own independent legal counsel.
