ASSIGNMENT

WHEREAS, Dividex Management, LLC, a limited liability company of the State of Delaware, having a place of business at One University Avenue, Suite 301C, Westwood, Massachusetts 02090, (hereinafter the "Assignor"), is the owner of United States of America application for Letters Patent for the Title "SECURITIES CLAIMS IDENTIFICATION, OPTIMIZATION AND RECOVERY SYSTEM AND METHODS" for which a United States Patent application was filed on June 24, 2014, and bears Application Number 14/313,811 and the owner of United States Provisional Patent application having the Title "SECURITIES CLAIMS IDENTIFICATION, OPTIMIZATION AND RECOVERY SYSTEM AND METHODS", which was filed on June 24, 2013, and bears Application Number 61/838,516; (hereinafter "Application(s)"); and

WHEREAS, Dividex Analytics, LLC, a limited liability company of the State of Delaware, having a place of business at 1201 North Market Street, 18th Floor, Wilmington, New Castle County, Delaware, 19801, (hereinafter the "Assignee"), has acquired, or is desirous of acquiring, the entire right, title, and interest in and to (i) the Application(s), (ii) the inventions and improvements therein disclosed and (iii) any subsequent improvements thereto ((i), (ii) and (iii) collectively, the "Inventions").

NOW, THEREFORE, for good and valuable consideration paid to it by, or on behalf of, the Assignee, the receipt and sufficiency of which is hereby acknowledged, the Assignor does hereby confirm its previous assignment, sale and/or transfer to the Assignee, or if no such previous assignment, sale and/or transfer occurred, does hereby assign, sell and transfer unto the Assignee the full and exclusive right, title and interest in and to the Inventions for the United States and all foreign countries and any Letters Patent which may issue therefor in the United States and all foreign countries, and all conversions, divisions, reissues, continuations, continuations-in-part, renewals and/or extensions thereof (the "Subsequent Filings"). Such assignment also includes the right to claim priority to the Application(s) and Subsequent Filings under any law, rule, treaty, or convention. Such assignment extends to the full end(s) of the term(s) of the Application(s), such Letters Patent and any Subsequent Filings as fully and entirely as the same would have been held and enjoyed by Assignor had assignment not been made. Said full and exclusive right, title, and interest referred to above includes all rights to all past, present and future claims for infringement of any patent resulting from the Inventions including the right to grant licenses, to bring lawsuits, and to recover damages for any past, present, and future infringement, whether known or unknown, now existing or hereafter arising.

The Assignor covenants that at the time of its assignment it was or is the lawful owner of the Inventions and had or has the full right to make assignment of the Inventions. The Assignor further covenants that the Inventions are unencumbered, and that no license has been granted to make, use, import, offer for sale or sell the Inventions.

And for the consideration aforesaid, the Assignor does hereby agree that it will communicate to the Assignee or the representatives thereof any facts known to it respecting the Inventions, and will, upon request but without expense to the Assignor, testify in any legal proceedings, sign all lawful papers, execute all documents in connection with the Application(s) and any Subsequent Filings, make all rightful oaths and declarations, and generally do all other and further lawful acts deemed necessary or expedient by the Assignee or by counsel for the Assignee to assist or enable the Assignee to obtain and enforce full benefits from the rights and interests herein assigned. This assignment shall be binding upon the Assignor's heirs, executors, administrators, successors and/or assigns, and shall inure to the benefit of the heirs, executors, administrators, successors and/or assigns, as the case may be, of the Assignee.

The Commissioner of Patents and Trademarks is hereby authorized and requested to issue patents to the Assignee in accordance with the terms of this assignment.
