PATENT ASSIGNMENT

WHEREAS, as of 8/28/22 (the "Effective Date"), **WootCloud Inc.** ("Assignor"), owns (a) all rights in patents identified on the attached Schedule A, and all patent applications filed either from such patents, patent applications or provisional applications or from an application claiming priority from any of these, including divisionals, continuations, continuations-in-part, provisionals, converted provisionals, and continued prosecution applications, (b) any and all patents that have issued or in the future issue from the foregoing patent applications, including utility models, petty patents and design patents and certificates of invention, (c) any and all extensions or restorations by existing or future extension or restoration mechanisms, including revalidations, reissues, re-examinations and extensions (including any supplementary protection certificates and the like) of the foregoing patents or patent applications), and (d) any foreign counterparts of the foregoing (hereafter the "Patents and Patent Applications");

WHEREAS, **Netskope, Inc.** ("Assignee"), desires to acquire all right, title, and interest in and to the Patents and Patent Applications;

NOW, THEREFORE, as of the Effective Date, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor does hereby acknowledge that it has sold, assigned, and transferred, and by these presents does hereby sell, assign, and transfer, unto Assignee, its successors, legal representatives, and assigns, Assignor's entire right, title, and interest in, to, and under the said Patents and Patent Applications, and including, but not limited to the right to sue for past and future damages and seek injunctive relief for:

all inventions (hereafter "Inventions") set forth in the Patents and Patent Applications;

all patents that may be granted on the patent applications;

all applications that the Patents and Patent Applications may claim priority to;

all applications claiming priority to the Patents and Patent Applications, including, but not limited to, all divisions, continuations, and continuations-in-part, and all Letters Patent which may be granted thereon and all reissues, reexaminations, supplemental examinations, and extensions thereof;

all applications or patents claiming the Inventions,

the right to file applications for patent on the Inventions, including, but not limited to, all rights under applicable laws; and

all rights of priority under applicable law and any applications for Letters Patent that may hereafter be filed or granted and all extensions, renewals, and reissues thereof.

ASSIGNOR DOES HEREBY authorize and request the Commissioner of Patents of the United States, and any other applicable Official foreign or domestic whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patents resulting from the Patents and Patent Applications to Assignee, its successors, legal representatives, and assigns, in accordance with the terms of this Assignment;

ASSIGNOR DOES HEREBY sell, assign, transfer and convey to Assignee, its successors, legal representatives, and assigns all claims for past and future damages, including, but not limited to lost profits, royalties, and all remedies arising out of any violation of the rights assigned hereby that may have accrued prior to the date of assignment to Assignee, or may accrue hereafter, including, but not limited to, the right to sue for, collect, and retain damages for past infringements of the said Patents and Patent Applications before or after issuance; and,

ASSIGNOR DOES HEREBY covenant and agree that Assignor will communicate to said Assignee, its successors, legal representatives and assigns, any facts known to Assignor respecting the Patents and Patent Applications, and testify in any legal proceeding, assist in the preparation of any other documentation relating to the Patents and Patent Applications, sign/execute all lawful papers, authorize the filing of and execute and make all rightful oaths and/or declarations in connection with the Patents and Patent Applications, including, but not limited to, any patents or patent applications claiming priority thereto, and generally do everything possible to aid the Assignee, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for the Patents and Patent Applications in all countries.
