**WORLDWIDE ASSIGNMENT**

WHEREAS, we, Alexander Agapov, a citizen of the United States, having a residence in Los Angeles, California, United States; Steven R. Baker, a citizen of the United States, having a residence in Winter Garden, Florida, United States; Robert A. Baydale, a citizen of the United States, having a residence in Windemere, Florida, United States; Shawn C. Inman, a citizen of the United States, having a residence in New York, New York, United States; Christopher M. Mele, a citizen of the United States, having a residence in New York, New York, United States; Norman L. Norris, a citizen of the United States, having a residence in Bonita Springs, Florida, United States; Joseph F. Scutellaro, a citizen of the United States, having a residence in Brick Township, New Jersey, United States; Stephen M. Scutellaro, a citizen of the United States, having a residence in Atlantic Highlands, New Jersey, United States; Craig C. Stickler, a citizen of the United States, having a residence in Orlando, Florida, United States; Richard L. Watts, a citizen of the United States, having a residence in New York, New York, United States,

(hereinafter “Assignor”), have made an invention entitled “**System and Method for Expediting the Delivery of Food Orders to Customers**” as set forth and described in:

U.S. Patent Application No. 17/308,844, filed May 5, 2021;

European Patent Application No. 21172620.3, filed May 6, 2021; and

United States Provisional Application No. 63/101,627, filed May 7, 2020

WHEREAS, **GFC AUTOMAT INC.**, a Delaware Corporation having its principal place of business at **730 Durham Terrace, Brick, NJ, USA** hereinafter referred to as Assignee, is desirous of acquiring the whole right, title and interest therein:

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy whereof is hereby acknowledged, Assignor hereby confirms any prior assignment to Assignee, and to the extent that Assignor has not already done so, agrees to assign, and hereby does, sell, assign and transfer unto Assignee and its successors in interest, the full and exclusive right, title and interest in the United States of America and throughout the world, including the right to claim priority under the laws of the United States, the Paris Convention, and any foreign countries, to the inventions as described in the aforesaid application, to the aforesaid application itself, and all divisions, continuations, continuations-in-part, or other applications claiming priority directly or indirectly from the aforesaid application, and any United States or foreign Letters Patent, utility model, or other similar rights which may be granted thereon, including reissues, reexaminations and extensions thereof, and all copyright rights throughout the world in the aforesaid application and the subject matter disclosed therein, these rights, title and interest to be held and enjoyed by Assignee to the full end of the term for which the Letters Patent, utility model, or other similar rights, are granted and any extensions thereof as fully and entirely as the same would have been held by Assignor had this assignment and sale not been made, and the right to sue for, and recover for past infringements of, or liabilities for, any of the rights relating to any of the applications, patents, utility models, or other similar rights, resulting therefrom, and the copyright rights.

Assignor hereby covenants and agrees to execute all instruments or documents required or requested for the making and prosecution of any applications of any type for patent, utility model, or other similar rights, and for copyright, in the United States and in all foreign countries including, but not limited to, any provisional, continuation, continuation-in-part, divisional, renewal or substitute thereof, any derivation proceedings relating thereto, and as to Letters Patent any supplemental examination, derivation proceeding, opposition, post grant review, reissue, re-examination, inter partes review, or extension thereof, and for litigation regarding, or for the purpose of defending the validity of or protecting title to the said invention, the United States application for patent, or Letters Patent therefor, and to testify in support thereof, for the benefit of Assignee and its successors in interest without further or other compensation than that above set forth.

Assignor hereby covenants that no assignment, sale, license, agreement or encumbrance has been or will be entered into which would conflict with this Assignment. Assignor further covenants not to challenge, or assist or participate in any third party challenge to, the assigned inventions, or any patent application or patent thereon, whether by litigation, post grant review, inter partes review, covered business method review, reexamination, or otherwise.

Assignor hereby requests the United States Patent and Trademark Office to issue the Letters Patent of the United States of America to Assignee, and requests that any official of any country or countries foreign to the United States, whose duty it is to issue or grant patents and applications as aforesaid, to issue the Letters Patent, Utility Model Registration or other similar right to Assignee.

The undersigned hereby authorize the attorneys of **Steven J. Rocci P.C.** the power to insert in the spaces provided above the title of the invention, filing date, application number, and attorney's docket number of said application when known.
