PATENT ASSIGNMENT

This PATENT ASSIGNMENT ("Patent Assignment") is made by and among Charles Mitchell MINGES, a deceased individual, by and through his Personal Representative, Karen Price MINGES, having an address at 3600 Rum Row, Naples, Florida 34102 ("Assignor") and Emma Elizabeth MINGES, an individual, having an address at 3600 Rum Row, Naples, Florida 34102 ("Assignee").

WHEREAS, Assignor wishes to transfer to Assignee, and Assignee wishes to obtain from Assignor, all of Assignor's right, title and interest in and to the Patents (as defined herein).

NOW THEREFORE, the parties agree as follows:

In consideration of the sum of one dollar (\$1.00), the receipt and sufficiency of which are hereby acknowledged, Assignor hereby irrevocably conveys, transfers and assigns to Assignee, its successors and assigns, and Assignee hereby accepts, all of Assignor's right, title and interest in, to United States Patent No. 8,726,721 issued on May 20, 2014 and all continuations, continuations-in-part, divisionals, extensions, substitutions, reissues, re-examinations and renewals, of any of the foregoing, and any patents or patent applications from which any of them claim priority or that claim priority from any of them, and all inventions disclosed in any of the foregoing (the "Patents"); all rights, privileges and protections of any kind whatsoever of Assignor accruing under any of the Patents provided under the applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world, including, but not limited to, the right to file foreign patent applications; all royalties, fees, income, payments, and other proceeds now or hereafter due or payable to Assignor with respect to any of the foregoing; and any and all claims and causes of action, with respect to any of the Patents whether accruing before, on or after the Effective Date, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, misappropriation, violation, misuse, breach or default, with the right but no obligation to petition or sue for, or otherwise seek, such legal and equitable relief and to collect, or otherwise recover, any such damages.

Assignor hereby grants Assignee the power to insert on this Patent Assignment any further identification information, including an application number and filing date, which may be necessary or desirable.

This Patent Assignment constitutes the sole and entire agreement of the parties with respect to the subject matter contained herein, and supersedes all prior and contemporaneous understandings and agreements, both written and oral, with respect to such subject matter.

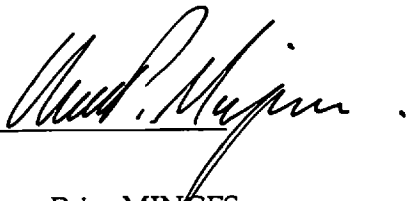

This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

All matters arising out of or relating to this Patent Assignment shall be governed by and construed in accordance with the laws of the United States and the internal laws of the State of Florida without giving effect to any choice or conflict of law provision or rule.

This Patent Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Patent Assignment delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Patent Assignment.

IN WITNESS WHEREOF, Assignor and Assignee have duly executed and delivered this Patent Assignment as of August 27th, 2022 ("Effective Date").
