EXECUTION VERSION**GRANT OF SECURITY INTEREST
IN PATENTS**

September 2, 2022

FOR GOOD AND VALUABLE CONSIDERATION, receipt and sufficiency of which are hereby acknowledged, **SENTRYBAY LIMITED**, a private limited company incorporated in England and Wales with registered number 06370537, (the “Grantor”) hereby grants to **BLAZE HILL CAPITAL FINANCE LIMITED**, a private limited company incorporated in England and Wales with registered number 12162487, (the “Lender”), a continuing security interest in and to all of such Grantor’s right, title and interest in, to and under the following:

- (i) any and all Patents (as defined below) owned by the Grantor;
- (ii) all improvements, counterparts, reissues, divisional, re-examinations, extensions, continuations (in whole or in part) and renewals of any of the foregoing and improvements thereon; and
- (iii) any and all causes of action arising prior to or after the date hereof for infringement of any of the Patents, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, misappropriation, violation, misuse, breach, or default, with the right, but no obligation, to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

THIS GRANT is made to secure the satisfactory performance and payment of all Secured Liabilities, as such term is defined in the English law governed debenture between, among others, the Grantor and Blackspace Security Limited, a private limited company incorporated in England and Wales with registered number 11325313, as chargors and the

Lender, dated as of the date hereof (as amended, restated, supplemented or otherwise modified and in effect from time to time, the “Debenture”).

THIS GRANT has been granted in conjunction with the security interest granted to the Lender under the Debenture. The Lender shall have in addition to the rights and remedies provided in the Finance Documents, in any other documents relating to the Secured Liabilities, or by any applicable Law (including, but not limited to, levy of attachment, garnishment and the rights and remedies set forth in the UCC of the jurisdiction applicable to the affected Patents), the rights and remedies of a secured party under the UCC (regardless of whether the UCC is the law of the jurisdiction where the rights and remedies are asserted and regardless of whether the UCC applies to the affected Patents).

In the event that any provisions of this grant are deemed to conflict with the Debenture, the provisions of the Debenture shall govern. This grant and any claims, controversy, dispute or cause of action (whether in contract or tort or otherwise) based upon, arising out of or relating to this grant and the transactions contemplated hereby shall be governed by, and construed in accordance with, the law of the State of New York.

IN THIS GRANT:

“Facility Agreement” has the meaning set out in the Debenture.

“Finance Documents” has the meaning set out in the Facility Agreement.

“Law” means, collectively, all international, foreign, federal, state and local statutes, treaties, rules, guidelines, regulations, ordinances, codes and administrative or judicial precedents or authorities, including the interpretation or administration thereof by any governmental authority charged with the enforcement, interpretation or administration thereof, and all applicable administrative orders, directed duties, requests, licenses, authorizations and

permits of, and agreements with, any governmental authority, in each case whether or not having the force of law.

“Patents” means collectively, all of the following of the Grantor: (i) all patents, all inventions and patent applications in the United States and (ii) all income, royalties, damages or payments now or hereafter due and/or payable under any of the foregoing or with respect to any of the foregoing, including, without limitation, damages or payments for past, present or future infringements, violations or misappropriations of any of the foregoing, in each case including, without limitation, the patents set forth on Schedule A attached hereto.

“UCC” means the Uniform Commercial Code as in effect from time to time in the State of New York except as such term may be used in connection with the perfection of the Lender’s security interest in the Patents and then the applicable jurisdiction with respect to such affected Patents shall apply.

IN WITNESS WHEREOF, each of the undersigned have executed this grant as of the date above first written.
