AND WHEREAS, Signati Medical Inc., medical device company having its headquarters at 128 Dorrance Street, 6th Floor, Providence, RI 02903, herein referred to as "ASSIGNEE", is desirous of acquiring the entire right, title and interest in and to said inventions and in and to any and all Letters Patent that may be obtained therefor in the United States and other countries;

NOW, THEREFORE, for and in view of good and valuable consideration furnished by ASSIGNEE, receipt and sufficiency of which is hereby acknowledged, APPLICANT hereby, without reservation:

1. Assigns, transfers, and conveys to ASSIGNEE, their legal representatives, successors and assigns, the entire right, title, and interest in and to said inventions and discoveries as set forth above, any and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including any original applications, formal applications, convention applications, substitute applications,

continuation applications, continuations-in-part applications, divisional applications, request for continued examination applications, reissue applications, reexamination applications or extensions thereof, based in whole, or in part, upon said inventions or discoveries, or upon said applications, and any and all Letters Patents, reissues, and extensions of Letters Patent granted for said inventions and discoveries or upon said applications, and every priority right that is or may be predicated upon, or arise from, said inventions, said discoveries, said applications, and said Letters Patent, and any copyright or designs associated with or in said invention, and all rights of action and damages for any past, present or further infringement relating thereto, including all rights of actions and damages from publication of the patent applications and/or issuance of any patents relating thereto;

2. Authorizes ASSIGNEE to file patent applications in any and all countries on any and all of said inventions and discoveries in the name of APPLICANT or ASSIGNEE or otherwise as ASSIGNEE may deem advisable, under International Conventions or otherwise;

3. Authorizes and requests the Commissioner of Patents and Trademarks of the United States of America and the empowered officials of all other governments throughout the world to issue or transfer all of said Applications and said Letters Patents to ASSIGNEE, as assignee of the entire right, title, and interest therein or otherwise as ASSIGNEE may direct;

4. Warrants that APPLICANT has not knowingly conveyed to others any right in said inventions, discoveries, applications, or patents, or any license to use the same, or to make, use, or sell anything embodying or utilizing any of said inventions or discoveries; and that APPLICANT has a good right to assign the same to ASSIGNEE without encumbrance;

5. Agrees with the said ASSIGNEE that APPLICANT will not execute any writing or do any act whatsoever conflicting with these presents, and that APPLICANT will, at any time upon request, without further or additional consideration but at the expense of said ASSIGNEE, execute such additional assignments and other writings and do such additional acts as said ASSIGNEE may deem necessary or desirable to perfect the ASSIGNEE'S enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, formal, convention, substitute, continuation, continuations-in-part, divisional, requests for continued examination, reissue, reexamination, or extension applications or Letters Patent of the United States or of any and all foreign countries on said invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing

preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and insure to the benefits of the assigns and legal representatives of assignor and assignee;

5. Binds APPLICANT and its heirs, legal representatives, and assigns, to do, upon ASSIGNEE'S request and at ASSIGNEE'S expense, but without additional consideration to APPLICANT, all acts reasonably serving to assure that said inventions and discoveries, said patent applications, and said Letters Patents shall be held and enjoyed by ASSIGNEE as fully and entirely as the same could have been held and enjoyed by APPLICANT, or its heirs, legal representatives, and assigns if this Assignment had not been made; and particularly to execute and deliver to ASSIGNEE all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by ASSIGNEE; and to communicate to ASSIGNEE all facts known to APPLICANT relating to said inventions and discoveries or the history thereof, and to testify as to the same in any court or proceeding; and to furnish ASSIGNEE any and all documents, photographs, models, samples, and other physical exhibits in APPLICANT'S control or in the control of APPLICANT'S heirs, legal representatives, or assigns which may be useful for establishing the facts of APPLICANT'S conceptions, disclosures, and reduction to practice of said inventions and discoveries.

6. Grant(s) the firm of Smith Patent LLC the power to insert on this Assignment any further identification, including the application number and filing date, which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or other foreign patent office for recordation of this document.

WITNESS WHEREOF, APPLICANT has duly executed this Assignment on the below written date, and ASSIGNEE has acknowledged receipt thereof, on the below written date.
