I, Bert John Wilson, having an address at 50 Paerangi Place, Tauriko, Tauranga 3171, NZ (hereinafter "ASSIGNOR") in consideration of good and valuable consideration, the sufficiency of which and receipt of which are hereby acknowledged, paid to ASSIGNOR by Oceania Defence Ltd., a Limited Liability Company having a place of business at 50 Paerangi Place, Tauriko, Tauranga 3171, NZ (hereinafter "ASSIGNEE"), do hereby sell and assign to said ASSIGNEE, its successors, assigns and legal representatives, the entire right, title, and interest in and to the patents, patent applications, and inventions disclosed in the patents and patent applications (collectively, the "Patents") listed on the attached **Schedule A** in all countries throughout the world, including but not limited to the United States of America and its territorial possessions, including all rights to claim priority, in and to the Patents, any related patents and applications claiming priority thereto, including any and all improvements disclosed therein, in and to all Letters Patent to be obtained for the inventions by the Patents or any subsequently filed provisional, nonprovisional, continuation, divisional, renewal, extension, or substitute thereof, and as to Letters Patent any reissue or re-examination or post-grant proceeding documents thereof; all other patents, industrial property or other related property rights in any and all countries which have been or shall be filed on any of the inventions disclosed in any of the Patents; any and all of the inventions, which are disclosed, but not claimed in any of the Patents; all income, royalties, damages, and payments now or hereafter due or payable with respect to the Patents, all causes of action in law and/or equity, and the right to sue, counterclaim, and recover for any past, present, and future infringement or misappropriation of the rights assigned to ASSIGNEE hereunder, and all rights corresponding thereto throughout the respective worldwide jurisdictions where ASSIGNOR holds rights in the Patents.

The Assignor (being the inventor of the Patents) and the Assignee agreed and understood when devising the subject matter of and procuring the Patents that the entire right, title and interest in and to the Patents was to belong to the Assignee, and this Assignment thus confirms and executes that prior understanding.

ASSIGNOR authorizes ASSIGNEE to make applications for and to receive Letters Patent for said invention in any of said countries in its own name, or in ASSIGNOR'S name, at its election.

ASSIGNOR covenants and agrees to execute or procure any further necessary assurance of the title to said invention and any Letters Patent which may issue therefore and to, at any time, upon the request and at the expense of ASSIGNEE deliver any testimony in any interference, litigation or proceeding related thereto and execute all papers that may be necessary or desirable to perfect the title to said invention or any Letters Patent which may be granted therefore in ASSIGNEE, its successors, assigns or other legal representatives, and that, at any time, upon the request and at the expense of ASSIGNEE, to execute any continuations, continuations-in-part, divisional, renewal or substitute thereof, and as to Letters Patent and reissue or re-examination or post-grant proceeding thereof, or any other additional applications for Letters Patent for said invention or any part or parts thereof, all of which applications and any Letters Patent issuing thereon are hereby assigned to ASSIGNEE, and will make all rightful testimony, oaths or declarations, and do all lawful acts requisite for procuring the same therein and in enforcing the same against third parties, without further compensation, but at the expense of ASSIGNEE, its successors, assigns or other legal representatives.

ASSIGNOR authorizes and requests the Commissioner of Patents and Trademarks of the United States and any other granting authority of any Patent and/or Industrial Property Office worldwide to issue to ASSIGNEE, its successors, assigns and legal representatives to issue any and all Letters Patent, patents, or industrial property on the inventions in the Patents or any inventions disclosed in the Patents to its ASSIGNEE.

This assignment shall have an effective date corresponding to the last date of execution.
