INVENTION ASSIGNMENT AGREEMENT

This ASSIGNMENT AGREEMENT ("**Assignment**") is made by and between Mark Ciepluch with mailing address of 1202 Femrite Drive, Madison WI 53716; (the "**Inventor**") and Vendura Industries, LLC, a Wisconsin Limited Liability Company, with offices located at 7281 S. 76th St., Franklin, WI 53132 (the "**Assignee**") regarding a U.S. provisional patent application entitled: Solid Surface Material, and attached as Exhibit A.

WHEREAS, the Inventor has invented one or more inventions disclosed and/or claimed in the Application (the "**Inventions**") to be filed in the United States Patent and Trademark Office ("USPTO") on 09/22/2021 and given Application No. 63246994 ;

WHEREAS, Vendura Industries, LLC, a Wisconsin Limited Liability Company, with offices located at 7281 S. 76th St., Franklin, WI 53132, together with its successors and assigns, and in accordance with agreement(s) duly entered into with the Inventor(s), desires to acquire the entire right, title and interest in and to the Inventions and to the Applications (as defined herein).

NOW, THEREFORE, the parties agree as follows:

1. In consideration of One Dollar (\$1.00) and other good and sufficient consideration from the Assignee to the Inventor(s), the receipt and adequacy of which are hereby acknowledged, the Inventor hereby individually and together convey, transfer and assign to the Assignee, its lawful successors and assigns, and the Assignee accepts, the entire and exclusive right, title, and interest in and to the Inventions and all patents that may be granted therefor in the United States and all other countries, territories, and jurisdictions in the world (collectively, the "Countries"), and to all existing or future related applications, divisions, substitutes, renewals, reissues, continuing applications, conversions, re-examinations, extensions, and any resulting patents thereof in all Countries (collectively, the "Applications") for the full terms for which the same may be granted and any rights associated therewith, including, but not limited to, any and all royalties, profits, damages, fees, income, payments, and other proceeds now or hereafter due or payable, and to the right to claim benefit and priority from the Applications in all of the Countries.

2. The Inventor(s) represent and warrant that we have the ability to convey all rights and interests herein assigned, that there are no rights or interests outstanding inconsistent with the rights and interests granted herein, and that I will not execute any instrument or grant or transfer any rights or interests inconsistent with the rights and interests granted herein.

3. The Inventor(s) authorizes the Assignee to file for and request that the USPTO and corresponding bodies in each of the other Countries issue any and all patents resulting from any of the Applications to the Assignee.

4. This Assignment inures to the benefit of the Assignee and its successors, assigns, and other legal representatives, and is binding on the Inventor(s) and their respective heirs, legal representatives, and assigns.

5. The Inventor(s) shall take such steps and actions, and provide such cooperation and assistance to the Assignee and its successors, assigns, and legal representatives, in

connection with the Inventions and the Applications, or for any inventions and discoveries derived therefrom, as may be necessary to effect, evidence, or perfect the Assignment to the Assignee or any assignee or successor thereto, including, but not limited to: the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, documents in connection with claims or provisions of the International Convention for the Protection of Industrial Property or similar treaties and agreements, or other lawful papers; the execution and delivery of all papers necessary in connection with any administrative or judicial proceedings; and the provision of information and testimony and cooperation in every way in obtaining and producing evidence and prosecuting such proceedings.

6. This Assignment and any claim, controversy, dispute, or cause of action (whether in contract, tort, or otherwise) based upon, arising out of, or relating to this Assignment and the transactions contemplated hereby is governed by, and construed in accordance with, the laws of the United States and the State of Wisconsin, without giving effect to any choice or conflict of law provision or rule (whether of the State of Wisconsin or any other jurisdiction).

7. The Inventor(s) hereby grants Theorem Law, LLC with customer number 143370 the power to insert on this Assignment any further identification information, including an application number and filing date, which may be necessary or desirable.
