ASSIGNMENT AGREEMENT

Joseph Gambino ("the Assignor") is an inventor of the U.S. Patent Applications listed on attached **Exhibit A**, ("the Patent Applications"); and

ROGUE FABRICATION, LLC ("the Assignee") seeks to acquire Assignor's entire interest in the Patent Applications and in all foreign and domestic patents and patent applications, including divisions, continuations, reissues, substitutions, and extensions thereof, ("the Intellectual Property");

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignor sells, assigns, and transfers to the Assignee, its successors and assigns, the full and exclusive right to the Intellectual Property.

The Assignor authorizes and requests the Patent Office officials in the United States and any and all foreign countries to issue any and all patents directed the Patent Applications, when granted, to the Assignee for the sole use of the Assignee and its successors and assigns.

Further, the Assignor declares that he is the sole and lawful owner of the entire right, title, and interest in and to the rights assigned in connection with the Patent Applications, and that the same are unencumbered. The Assignor declares that he has full right and lawful authority to sell and convey the same in the manner herein set forth.

Further, the Assignor agrees that he will communicate to the Assignee, or its representatives, any facts known respecting the Patent Applications, and to testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, reissue, substitution, and extension applications, execute all necessary assignment papers to cause any and all of patents directed to the Patent Applications to be issued to the Assignee, to make all rightful oaths, and to generally do everything possible to aid the Assignee, and its successors and assigns, to obtain and enforce proper protection for the Patent Applications in the United States and in any and all foreign countries.
