NOW, THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) and for other good and valuable consideration, the receipt of which is hereby acknowledged, I hereby sell, assign, transfer, set over, and irrevocably convey to Company, all right, title and interest in and to the said inventions and Application and any and all divisions, continuations, continuations-in-part, and reissues thereof ("Applications"), and any and any applications filed outside of the U.S. which claim priority to Application as well as all patents of the United States and foreign countries which may be granted therefore including any reissues, divisionals, continuations, renewals and extensions and the like (collectively, the "Patents"), the same to be held and enjoyed by Company for its own use and benefit, and for the use and benefit of its successors, assigns, or other legal representatives, to the end of the term or terms for which any of said Patents of the United States or foreign countries are or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by me if this assignment, transfer and sale had not been made. Further, and for the same consideration set forth above, I hereby sell, assign, transfer, set over, and irrevocably convey to Company any and all rights to the tradename AngelCath, and any similar derivation thereof (the "Tradenames"), together with any business goodwill connected with the Application, Applications, Patents and the Tradenames.

And I hereby authorize and request the Commissioner of Patents and other authorities in foreign countries to issue any and all patents on said inventions or resulting from one or more of said Application, Applications, Patents or inventions and all divisions, continuations, continuations-in-part, and reissues thereof, to Company as assignee of our entire interest, and

hereby covenant that I have the full right to convey the entire interest herein assigned, and that I have not executed and will not execute any agreement in conflict herewith.

And I further hereby covenant and agree that I will, at any time, upon request, execute and deliver any and all papers that may be necessary or desirable to perfect the title of said invention and to one or more of said Applications or Patents as may be granted therefor, to Company its successors, assigns, or other legal representatives and that if Company its successors, assigns or other legal representatives shall desire to file any divisional, continuation, continuations-in-part applications or to secure a reissue of one or more of such Applications or Patents, or to file a disclaimer relating thereto, will upon request, sign all papers, make all rightful oaths and do all lawful acts requisite for the filing of such divisional, continuation, continuation-in-part applications, or such application for reissue and the procuring thereof, and for the filing of such disclaimer, without further compensation but at the expense of said assignee, its successors, or other legal representatives.

And I do further covenant and agree that I will, at any time upon request, communicate to Company its successors, assigns or other legal representatives, such facts relating to any of said Application, Applications, Patents, or inventions disclosed therein as may be known to me, and testify as to the same in any administrative proceeding or litigation when requested so to do, without further compensation but at the expense of said assignee, its successors, or other legal representatives.

NOW, THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) and for other good and valuable consideration, the receipt of which is hereby acknowledged, I hereby sell, assign, transfer, set over, and irrevocably convey to Company, all right, title and interest in and to the said inventions and Application and any and all divisions, continuations, continuations-in-part, and reissues thereof ("Applications"), and any and any applications filed outside of the U.S. which claim priority to Application as well as all patents of the United States and foreign countries which may be granted therefore including any reissues, divisions, continuations, renewals and extensions and the like (collectively, the "Patents"), the same to be held and enjoyed by Company for its own use and benefit, and for the use and benefit of its successors, assigns, or other legal representatives, to the end of the term or terms for which any of said Patents of the United States or foreign countries are or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by me if this assignment, transfer and sale had not been made. And I further hereby covenant and agree that I will, at any time, upon request, execute and deliver any and all papers that may be necessary or desirable to perfect the title of said invention and to one or more of said Applications or Patents as may be granted therefor, to Company its successors, assigns, or other legal representatives and that if Company its successors, assigns or other legal representatives shall desire to file any divisional, continuation, continuations-in-part applications or to secure a reissue of one or more of such Applications or Patents, or to file a disclaimer relating thereto, will upon request, sign all papers, make all rightful oaths and do all lawful acts requisite for the filing of such divisional, continuation, continuation-in-part applications, or such application for reissue and the procuring thereof, and for the filing of such disclaimer, without further compensation but at the expense of said assignee, its successors, or other legal representatives.

And I do further covenant and agree that I will, at any time upon request, communicate to Company its successors, assigns or other legal representatives, such facts relating to any of said Application, Applications, Patents, or inventions disclosed therein as may be known to me, and testify as to the same in any administrative proceeding or litigation when requested so to do, without further compensation but at the expense of said assignee, its successors, or other legal representatives.
