GRANT OF
SECURITY INTEREST IN PATENT RIGHTS

This GRANT OF SECURITY INTEREST IN PATENT RIGHTS ("Agreement"), effective as of June 13, 2022, is made by In2Bones USA, LLC, a Delaware limited liability company, located at 6000 Poplar Avenue, Suite 15, Memphis, TN 38119 (the "Grantor"), in favor of JPMorgan Chase Bank, N.A., a national banking association, located at 10 S. Dearborn, 7th Floor, Chicago, Illinois 60603, as Administrative Agent (the "Agent") for the banks and other financial institutions or entities (the "Lenders"), parties to the Seventh Amended and Restated Credit Agreement, dated as of July 16, 2021 (as amended, supplemented or otherwise modified from time to time, the "Credit Agreement"), among CONMED CORPORATION (the "Parent Borrower"), the Foreign Subsidiary Borrowers from time to time parties thereto, the Lenders from time to time parties thereto, and the Agent.

W I T N E S S E T H:

WHEREAS, pursuant to the Credit Agreement, the Lenders have severally agreed to make Loans and other extensions of credit to the Borrowers upon the terms and subject to the conditions set forth therein; and

WHEREAS, in connection with the Credit Agreement, the Parent Borrower and certain of its Affiliates (other than the Grantor) have executed and delivered a Guarantee and Collateral Agreement, dated as of August 28, 2002, in favor of the Agent (together with all amendments and modifications from time to time thereafter made thereto, the "Guarantee and Collateral Agreement");

WHEREAS, pursuant to the Assumption Agreement, dated as of June 13, 2022, made by the Grantor in favor of the Agent, the Grantor became a party to the Guarantee and Collateral Agreement as Grantor thereunder with the same force and effect as if originally named therein as Grantor and Guarantor;

WHEREAS, pursuant to the Guarantee and Collateral Agreement, the Grantor granted to the Agent a security interest in certain property owned by the Grantor; and

WHEREAS, the Grantor has duly authorized the execution, delivery and performance of this Agreement;

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and in order to induce the Lenders to make Loans and other financial accommodations to the Borrowers pursuant to the Credit Agreement, the Grantor agrees, for the benefit of the Agent and the Lenders, as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the

meanings provided or provided by reference in the Credit Agreement and the Guarantee and Collateral Agreement.

SECTION 2. Grant of Security Interest. The Grantor hereby assigns and transfers to the Agent, and hereby grants to the Agent, for the ratable benefit of the Lenders, a security interest in all of the Grantor's right, title and interest in, to and under the Patents that, in each case, constitute Collateral (including without limitation, those items listed on Schedule A hereto) (collectively, the "Patent Collateral"), as collateral security for the prompt and complete payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of the Grantor's Obligations.

SECTION 3. Purpose. This Agreement has been executed and delivered by the Grantor for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office. The security interest granted hereby has been granted to the Lenders in connection with the Guarantee and Collateral Agreement and is expressly subject to the terms and conditions thereof. The Guarantee and Collateral Agreement (and all rights and remedies of the Lenders thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Acknowledgment. The Grantor does hereby further acknowledge and affirm that the rights and remedies of the Lenders with respect to the security interest in the Patent Collateral granted hereby are more fully set forth in the Credit Agreement and the Guarantee and Collateral Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Guarantee and Collateral Agreement, the terms of the Guarantee and Collateral Agreement shall govern.

SECTION 5. Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.
