ASSIGNMENT

Design Science Corp., whose full post office address is **1550 Kingston Road, Suite 315, Pickering, Ontario, L1V 1C3, Canada** (the "Assignor"), is the Assignor of inventions as fully set forth and described in Appendix "A" appended hereto (the "Inventions");

Design Science Technology LLC, whose full post office address is **2140 E. Southlake Blvd., Suite L-805, Southlake, Texas 76082, U.S.A.** (the "Assignee"), wishes to acquire all the Assignor's right, title and interest in and to the Inventions and to:

- a) all patent applications which may be filed for the Inventions, including International Applications under the Patent Cooperation Treaty;
- b) all Letters Patent which may be granted or issued for the Inventions;
- c) any divisions, continuations, renewals, prolongations, reissues and extensions of such patent applications and Letters Patent;
- d) all associated international priority rights, including the right to claim priority;
- e) the right to file and prosecute such applications; and
- f) any and all patents which have been or may be granted by any country based either in whole or in part on the Inventions of the patent applications and Letters Patent

in all countries of the world, including the United States (collectively "the Patents");

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is acknowledged, the Assignor sells, assigns, and conveys to the Assignee, its successors and assigns, all of the Assignor's right, title and interest in and to the Inventions and the Patents, including the right to claim and collect for past infringements;

The Assignor authorises and requests the duly constituted authorities of all countries of the world, including the United States to issue the Patents to the Assignee, its successors and assigns, in accordance with the terms of this Assignment;

The Assignor covenants that it has the right to grant the rights and assume the obligations of this Assignment and that it has not executed, and will not execute, any agreement in conflict with this Assignment;

The Assignor agrees that it will, promptly on request and without further consideration, communicate and co-operate fully with the Assignee, its successors and assigns, in all matters pertaining to the Inventions and the Patents including:

- a) the provision of all facts known and documents available to the Assignor relating to the Inventions and Patents (including the histories thereof);
- b) the provision of oral and documentary evidence in any legal or administrative proceedings; and
- c) the execution of assignments, patent applications and any other documents which may be lawfully required by the Assignee or its successors or assigns that, in the opinion of the Assignee, its successors or assigns, are desirable to file, prosecute, maintain or enforce the Patents, and for perfecting and maintaining the title to the Patents of the Assignee, its successors and assigns in all countries of the world, including the United States.
