U.S Application Serial Numbers: Attached hereto as Schedule A (the "Patent Applications")

The Assignor is the owner of the pending United States Patent Applications listed in Schedule A (the "Patent Applications") attached hereto, and the Assignee is desirous of acquiring the same. In consideration of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, the Assignor hereby assigns to the Assignee, including its successors, assigns, heirs, administrators, all of the Assignor's right, title and interest in and to the inventions and the U.S. Patent Applications therefor identified in Schedule A, and to any future continuation, divisional, continuation-in-part or any other application which claims the benefit of and/or priority to one or more of the Patent Applications, including the right to sue for damages for all past infringement occurring prior to the execution date of this Assignment, and to any and all patents which may evolve therefrom;

The Assignor also assigns all of its right, title and interest in and to said inventions in all foreign countries, and all applications for Patent or Letters Patent in foreign countries on said invention and any Patents or Letters Patents which may evolve therefrom, including the right to claim International Convention priority; and

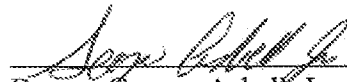

The Assignee acknowledges that one or more of the Patent Applications in Schedule A are currently subject to a Security Interest filed by Cerner Corporation. To the extent that the Security Interest is valid and enforceable, the Assignee agrees that the Security Interest is not affected by this Assignment from Assignor to Assignee.

The Assignor agrees to execute any papers or perform any acts required to establish, vest or protect the Assignee's rights therein or required by Assignee to obtain said patent, without any additional payment therefor, but without any expense to Assignor.
