ASSIGNMENT OF PATENT RIGHTS

For valuable consideration, We , Harshad V. Tadas, of Franklin, MA, and Thomas A. Simbron, of Cumberland, RI hereby assign to Sensata Technologies, Inc. a corporation having a place of business at: 529 Pleasant Street, Attleboro, Massachusetts 02703, and its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest throughout the world in the inventions and improvements which are subject of an application for United States Patent signed by us this day, entitled COIL CONFIGURATION filed on September 7, 2022, in the United States Patent and Trademark Office, under U.S. Application Serial No. 17/939,185. This assignment including said applications, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions including any continuation applications, continuation-in part applications or divisional applications, and the right to claim priority based on the filing date of said applications under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and we agree for ourselves and our respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.
