Assignor is the inventor of certain new and useful inventions (the "Inventions") described in United States patent applications and patents (the "Patents and Patent Applications") bearing the attorney docket numbers and titles listed above. The application number and patent numbers assigned by the USPTO and filing date of the Applications are as shown. If the application numbers and filing dates are not indicated above, the undersigned hereby authorizes the appointed attorney to add the filing date and serial number of said Application to this document.

For valuable consideration, receipt of which is acknowledged, Assignor hereby assigns to Assignee (which term shall include Assignee's successors and assigns), all of Assignor's

right, title and interest in the Inventions, all improvements therein, the Patents and Patent Applications and all priority rights arising therefrom, and any patents, and any reissues and extensions thereof, which issue in any country upon any patent applications which correspond with any of the following: the Patents and Patent Applications; any application that claims priority from the Patents and Patent Applications (including as a divisional, continuation-in-whole or continuation-in-part, or as an application claiming priority from a provisional application); or any application based in whole or in part on any of the foregoing.

Assignor also hereby sells, assigns, and transfers to Assignee, its successors and assigns, all claims against third parties for past, present and future infringement of the Patents and Patent Applications for their entire terms, including the right to recover for past, present, and future damages for such infringement. Assignee shall have the right to any and all recoveries from any such actions and Assignor hereby waives any interest in any recovery obtained by Assignee.

I agree that, when requested, I will, without charge to Assignee, but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and/or maintaining patents for said invention in the United States of America for vesting title thereto in said Assignee, its successors, assigns and legal representatives or nominees.

IN WITNESS WHEREOF, Assignor hereby executes this instrument on the date set forth below.

Date: 9/23/22
