## ASSIGNMENT

IN CONSIDERATION OF TEN DOLLARS (\$10.00) and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, CP Energy Services Inc., a company organized and existing under the laws of the State of Delaware with a mailing address of 6301 Waterford Blvd., Suite 110, Oklahoma City, OK 73118, ("ASSIGNOR"), hereby ASSIGNS, SELLS, SETS OVER, and TRANSFERS to Total Gas Resource Recovery, LLC, a company organized and existing under the laws of the State of Texas, with a mailing address of 6301 Waterford Blvd., Suite 110, Oklahoma City, OK 73118 ("COMPANY"), its successors and assigns, the entire right, title, and interest throughout the world in and to:

1. The Invention as disclosed in:

U.S. Patent Application Serial No. 17/821,048 filed on August 19, 2022, entitled  
NATURAL GAS CAPTURE FROM A WELL STREAM

2. All applications for patent or like protection on said Invention that have now been or may in the future be made by us or our legal representatives, including any non-provisional, divisional, continuation, continuation-in-part and any other patent applications that may be based on this invention, whether in the United States of America or any other place anywhere in the world;

3. All patents and like protection that have now been or may in the future be granted on said Invention to us or our legal representatives, whether in the United States of America or in any other country or place anywhere in the world;

4. All substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extensions, and the like of said applications and patents and like grants, including without limitations, those obtained or permissible under past, present, and future law and statutes;

5. All rights of action on account of past, present, and future unauthorized use of said invention for infringement of said patents and like protection;

6. The right to COMPANY to file in its name applications for patents and like protection for said invention in the United States and in any country or countries foreign to the United States; and

7. All international rights of priority associated with said invention, applications, patents, and like protection;

and covenant that the successors and assigns of the ASSIGNOR will, at the expense of COMPANY, its successors and assigns, execute all papers, and perform such other acts as may be

reasonably necessary to give COMPANY, its successors and assigns, the full benefit of this ASSIGNMENT.
