PCT Application No.: PCT/US21/31695

Filed: May 11, 2021

Assignment Of (1) the Invention Or Improvements, (2) U.S. Provisional Patent Application, (3) PCT Patent Application, and (4) Worldwide (U.S. and non-U.S.) Patent Rights

In Consideration of One Dollar and other good and valuable considerations, the receipt of which is hereby acknowledged, the entire right, title and interest of the undersigned in (1) the **SC-531 Alternate Designs** invention or improvements of the undersigned in or relating thereto, and (2) the Patent Cooperation Treaty (PCT) international patent application no. PCT/US21/31695, therefor, entitled **Dispensing System**, filed May 11, 2021, and United States provisional patent application Serial No. 63/022,953, filed on May 11, 2020, from which priority is claimed for the international application, and (3) any Letters Patent and/or utility model that may be granted for said invention or improvements in the United States and in any non-U.S. country or region around the world, and (4) any Letters Patent that may be granted on any continuing application therefor, or any reissue or extension of any Letters Patent and/or utility model for said invention or improvements are hereby assigned by the undersigned to **AptarGroup, Inc.**, a Delaware corporation, having offices at **265 Exchange Drive, Suite 100, Crystal Lake, Illinois 60014, United States of America**, and the successors, legal representatives and assigns of **AptarGroup, Inc.** (hereinafter collectively called said Assignee), and the United States of America Commissioner for Patents is hereby authorized and requested by the undersigned to issue any said Letters Patent to said Assignee.

For said considerations it is hereby agreed by the undersigned, upon the request of said Assignee, to execute any necessary and proper oaths, declarations, or affidavits relating to any of said applications or required for the filing or prosecution of any national phase application therefore or any continuing application thereof or for the filing or prosecution of any application for the reissue or extension of any Letters Patent that may be granted on said invention or improvements that said Assignee may deem necessary or expedient, and for the said considerations it is further agreed by the undersigned, upon the request of said Assignee, in the event of said applications or any division thereof, or Letters Patent issued thereon, or any reissue or application for the reissue thereof, becoming involved in Derivation Proceedings, to cooperate to the best of the ability of the undersigned with said Assignee in the matters of preparing and producing evidence in support thereof, and further to perform, upon such request, any and all affirmative acts to obtain said Letters Patent and vest all rights therein hereby conveyed in the said Assignee as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment and sale had not been made. And for the said considerations the entire right, title and interest in said invention or improvements, including all priority rights, and the right to claim priority rights and the privileges and benefits thereof, including those under the International Convention, and all other Conventions, and the right to file applications for patent in said Assignee's own name for said invention or improvements in each and every country of the world are hereby assigned and granted by the undersigned to said Assignee. It is further agreed by the undersigned, upon the request of said Assignee, to execute any and all documents that shall be required of the undersigned to be executed in connection with any and all applications for Letters Patent or utility models therefor, including the prosecution thereof, and to execute any and all documents necessary to invest title in said applications, patents, and utility models in said
