## PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT (this "Assignment") is made as of March 8, 2022 by Scott Charles Mullins, an individual, ("Assignor"), to and for the benefit of Raptor Vision, LLC, a California limited liability company ("Assignee").

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby covenants and agrees as follows:

1. Grant and Assignment. Effective as of the date set forth above, Assignor does hereby contribute, transfer, convey, assign and deliver to Assignee, its successors, assigns, and designees, free and clear of any lien, charge, security interest or other encumbrance (except as noted below<sup>1</sup>), all of Assignor's right, title, and interest in and to those certain patents and patent applications listed on Exhibit A attached hereto, including any and all patent, trade secret, copyright, and other intellectual property rights therein and thereunder, and including any provisional, non-provisional, continuation, continuation in part, divisional, reissue, reexamination, foreign, PCT, or other patent application or like document, or any other application which claims priority to said certain patents and pending applications, in the United States and all foreign countries (collectively, the "Patents"), together with the right of priority under the International Convention for the Protection of Industrial Property, Inter-American Convention Relating to Patents, Designs and Industrial Models, and any other international agreements to which the United States adheres, and together with the right to sue for, and collect damages for, all past and future causes of action related to the inventions claimed by any Letters Patent issuing from or claiming priority to said Patents, and Assignor hereby authorizes and requests the Commissioner of Patents to issue any Letters Patent issuing from or claiming priority to said Patents to Assignee for the use and benefit of Assignee and its successors, assigns and legal representatives as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made, together with all claims for damages by reason of past infringements of the Patents, along with the right to sue for and collect such damages for the use and benefit of Assignee and Assignee's successors, assigns and other legal representatives.

2. Representations and Warranties. Assignor represents, warrants and covenants to Assignee that: (a) he has the full right, power and authority to enter into this Assignment; (b) neither Assignor, nor any other person on his behalf, has granted any right, interest, claim, or obligation, including any lien or encumbrance, in or against said Patents, except as noted below; and (c) that Assignor relinquishes and assigns all ownership rights, title and interest in said Patents to the Assignee such that Assignee owns all ownership rights, title and interest in and to said Patents.

3. Further Assurances. Assignor shall, without additional consideration, take such further actions and execute promptly such further documents as are necessary to effect and record

---

<sup>1</sup> Knobbe, Martens, Olson & Bear, LLP has a security interest in the Patents to secure any outstanding sums owed for services rendered. The security interest has not been recorded, and the account does not have an outstanding balance that is more than sixty (60) days overdue.

the above assignment, including any actions or documents required by the applicable registrar to document the transfer herein or as may be necessary to protect, secure and vest good, valid and marketable title to the Patent Application and related rights in Assignee; and Assignor shall not take any action inconsistent with the assignment, rights, title, or interests granted herein.

4. Recording of Assignment. Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any officer of any country or countries foreign to the United States, whose duty it is to issue Patents or other evidence or forms of intellectual property protection or applications, to issue the same to Assignee and its successors, assigns and other legal representatives in accordance with the terms of this Assignment.

IN WITNESS WHEREOF, this Patent Assignment has been executed as of the day and year first written above.

Assignor:

  
SCOTT CHARLES MULLINS
