United States Design Patent
Attorney Docket No.: 57807-002-D
First Named Inventor: Mike Higgins

ASSIGNMENT

This Agreement is by and between Mike Higgins and Lester Aguilera ("Assignors") and FLEYE SPORTS LLC, a Florida Limited Liability Company headquartered at 6401 Sedwich Circle West, Davie, Florida 33331 ("Assignee").

WHEREAS, Assignors, have invented a certain new and useful inventive ornamental design of a functional item (the "Design") entitled SWING TRAINING DEVICE, filed NOVEMBER 19, 2020, as application number 29/652,768, and identified by attorney docket number 57807-002-D; and

WHEREAS, ASSIGNEE, wishes to acquire the entire rights, title, and interest in the Design and the Patent;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ASSIGNORS do hereby sell, assign and transfer unto ASSIGNEE, their successors, assigns, and legal representatives, the entire right, title and interest in and to the aforesaid application, to the Design as described in the aforesaid application, and to any formal application which may be filed based in whole or in part on the aforesaid application, in the United States and all foreign countries, together with the right of priority under any international conventions, treaties and/or agreements to which the United States currently adheres and adheres to in the future, and hereby authorize and request the Commissioner of Patents to issue said Letters Patent to ASSIGNEE, for the sole use and benefit of ASSIGNEE, its successors, assigns, and legal representatives;

AND ASSIGNORS authorize ASSIGNEE, their successors, assigns, and legal representatives, or anyone it may properly designate, to apply for Letters Patent, in their own name if desired, in any and all foreign countries, and additionally to claim the filing date of aforesaid application and/or otherwise take advantage of the provisions of any international convention, treaty and/or agreement;

AND ASSIGNORS FURTHERMORE authorize ASSIGNEE, their successors, assigns, and legal representatives, or anyone it may properly designate, to insert in this instrument the filing date and/or serial number of said application when ascertained;

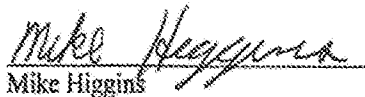

AND ASSIGNORS AGREEING, FURTHERMORE, upon request of ASSIGNEE, and without further remuneration, but at no expense to ASSIGNORS, that ASSIGNORS or ASSIGNORS' executors or administrators will provide all reasonable assistance to obtain, maintain, and assert the fullest measure of legal protection that ASSIGNEE desires to obtain or

assert for the Design, any related designs, any formal application based thereon, and any resulting patents, including executing any and all papers desired by ASSIGNEE for the filing and granting of formal applications, the perfecting of title in ASSIGNEE, and in enforcing any rights in the Design, any related designs, and any formal application or patent based thereon.

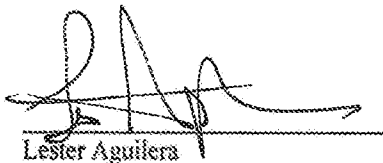

This Assignment expressly includes the conveyance to ASSIGNEE of the right to bring suit for and to collect damages for any infringement (past, present and future) of the Patent, and for a reasonable royalty for any use of 35 USC § 154(d) provisional rights, and for any other cause of action arising from ASSIGNORS' ownership of the Patent, including any violation by others of any federal or state tort or antitrust or unfair competition laws, and in and to any and all reissues, reexaminations and extensions of the Patent, these rights to be held and enjoyed by ASSIGNEE, for its own use and benefit and the use or benefit of its successors and assigns, to the end of the full term of the Patent, as fully and entirely as the same would have been held and enjoyed by ASSIGNORS, had this Assignment not been made.

If any provision of this assignment is held by any court to be unenforceable, such provision shall be interpreted to accomplish the objectives of the original provision to the fullest extent allowed by law and the remainder of this assignment shall remain in full force and effect.

EXECUTED as of the date(s) written below by ASSIGNORS:

Mike Higgins
