ASSIGNMENT

We, **Ken Bouley, Bruno Courbage, and Sathya Sekar**, hereinafter each referred to as “ASSIGNOR,” for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, confirm that we do hereby assign, sell, transfer, and set over unto **Fair Isaac Corporation**, with an office at **2665 Long Lake Road Roseville, Minnesota 55113**, and to its successors, assigns, and legal representatives, collectively hereinafter referred to as “ASSIGNEE”:

(1) ASSIGNOR’s entire right, title, and interest for the United States and in all countries, in and to any and all inventions, discoveries, and applications which are disclosed in any of the patent(s) and/or patents application(s) listed in the enclosed SCHEDULE (the “Patent(s)”)*, including: (a) any subsequently filed patent applications, which claim priority to any of the Patent(s), including any conversions, renewals, revivals, reissues, reexaminations, extensions, continuations, continuations-in-part, and divisionals thereof, and any substitute applications therefor; (b) any and all forms of intellectual and industrial property protection derivable from any of the Patent(s) or any renewals, revivals, reissues, reexaminations, extensions, continuations, continuations-in-part, divisionals, and substitute applications of any of the Patent(s), including, without limitation, patents, applications, utility models, inventor’s certificates, and designs; and (c) the right to sue and to collect for all past, present, and future infringements or damages;

(2) the full and complete right to file patent applications in the name of the ASSIGNEE, its designee, or in ASSIGNOR’s name as the ASSIGNEE, or its designee's election, on said inventions, discoveries, and applications in all countries of the world;

(3) the entire right, title, and interest in and to any letters patent which may issue thereon in the United States or in any country, and any renewals, revivals, reissues, reexaminations, and extensions thereof, and any patents of confirmation, registration, and importation of the same; and

(4) the entire right, title, and interest in all Convention and Treaty Rights of all kinds thereon, including without limitation all rights of priority in any country of the world, in and to said inventions, discoveries, and applications.

ASSIGNOR hereby authorizes and requests the competent authorities to grant and to issue any and all such letters patent in the United States and throughout the world to the ASSIGNEE of the entire right, title, and interest therein, as fully and entirely as the same would have been held and enjoyed by ASSIGNOR had this assignment, sale, and transfer not been made.

ASSIGNOR agrees, at any time, upon the request of the ASSIGNEE, to execute and to deliver to the ASSIGNEE any additional applications for patents for said inventions and discoveries, or any part or parts thereof, and any applications for patents of confirmation, registration, and importation based on any letters patent issuing on said inventions, discoveries, or applications and renewals, revivals, reissues, reexaminations, extensions, continuations, continuations-in-part, and divisions thereof, and any substitute applications therefor.

* ASSIGNOR hereby authorizes the attorneys of record or the attorney recording this assignment to complete or correct any identifying information in the SCHEDULE, which may be necessary or desirable, in order to comply with the rules of the USPTO or any other competent authority for recordation of this document.

ASSIGNOR further agrees at any time, to execute and to deliver upon request of the ASSIGNEE such additional documents, if any, as are necessary or desirable to secure patent protection on said inventions, discoveries, and applications throughout all countries of the world, and otherwise to do the necessary to give full effect to and to perfect the rights of the ASSIGNEE under this assignment, including the execution, delivery, and procurement of any and all further documents evidencing this assignment, transfer, and sale as may be necessary or desirable.

ASSIGNOR hereby covenants that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this assignment. ASSIGNOR hereby promises to never publically or privately disparage, make disparaging remarks as to, or negatively mention said inventions, discoveries, and applications, and agrees to never challenge or dispute the validity of any patent issued for said inventions, discoveries, and applications.

ASSIGNOR further covenants that ASSIGNEE will, upon its request, be provided promptly with all pertinent facts and documents relating to said inventions, discoveries, and applications, said letters patent, and legal equivalents as may be known and accessible to ASSIGNOR, ASSIGNOR will testify as to the same in any interference, litigation, or proceeding related thereto, and ASSIGNOR will promptly execute and deliver to ASSIGNEE or its legal representatives any and all papers, instruments, or affidavits required to apply for, obtain, maintain, issue, and enforce said inventions, discoveries, and applications, said letters patent, and said legal equivalents which may be necessary or desirable to carry out the purposes thereof.
