IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

First Named Inventor: Leon CHEN

App. No.: 29/520,444

Pat. No.: US D788,584 S

Filed: March 13, 2015

Issued: May 17, 2017

Title: STAND

Atty. Dkt. No.: TIFF.D0015US/1000320719

**DECLARATION BY OWNER TO CORRECT
IMPROPERLY-RECORDED “NUNC PRO TUNC ASSIGNMENT”**

I, Leon Chen, hereby declare as follows:

1. I am the CEO of Tiff’s Treats Holdings, Inc.
2. I am also the first-named inventor of the above-referenced design patent application, which issued as Patent No. US D788,584 S (the “Design Patent”).
3. In September of 2015, my co-inventors and I executed an assignment, transferring our entire right, title, and interest in the Design Patent to Tiff’s Treats Holdings, Inc. A copy of that assignment was recorded with the United States Patent and Trademark Office (the “Patent Office”) at Reel 036796, Frame 0047.
4. Since the Design Patent was filed, Tiff’s Treats Holdings, Inc. has been, and continues to be, the Design Patent’s owner.
5. The twenty-page document labeled on its Patent Assignment Cover Sheet as “NUNC PRO TUNC ASSIGNMENT” and recorded at Reel 053675, Frame 0264 was submitted with erroneous information and should not have been recorded (the “Improperly-Recorded Document”). The person identified as the submitter of the Improperly-Recorded Document as well as its assignor, Sheila C. Harshman, is unknown to me and has never possessed any rights in the Design Patent.

6. Counsel for Tiff's Treats Holdings, Inc. contacted Ms. Harshman by email, directing her to take the corrective action described in Section 323.01(c) of the Manual of Patent Examining Procedure and advising her to contact 571-272-3350 (the Assignment Recordation Branch Customer Service Desk) if she needed assistance doing this.

7. Ms. Harshman sent back what she filed and the Confirmation Receipt for same. The Confirmation Receipt and the first page of her filing (the "Cover Page") are attached as Exhibit 1 to my declaration. The remaining pages of her filing are duplicates of the Improperly-Recorded Document.

8. As the below excerpt from the Cover Page reflects, Ms. Harshman admits the filing was error and that the title for the Design Patent should not be considered altered by the Improperly-Recorded Document:

in regard to unauthorized filing and request for corrective action email dated August 12, 2022;
 greetings to the man: mark garrett; who sometimes acts as partner for Norton Rose Fulbright US LLP;
 from i: the woman; sheila coffin harshman, do accept your request for corrective action and do present this notice to offer remedy
 and do present this affirmation that the title(s) for the patent(s) identified should not be considered altered by prior assignment that
 was done in error, see attachment;

i: state that the original applicant or patentee or last correct assignee has been, and continues to be the owner of the said application,
 or patents;

i: ask for forgiveness for this error and in return i, make notice to remedy by this statement for affirmation of corrective action:

this affirmation is made to correct an accident and to restore honor to the said attachment;

i: the woman, sheila coffin harshman, do affirm that the information herein is true and correct;

i: state here and will verify at open court before a magistrate all to be true.

by: sheila coffin harshman, a woman.

9. I understand that, because Ms. Harshman did not populate the fields of the patent assignment cover sheet correctly, her corrective filing (*see* Exhibit 1) will likely not be recorded by the Patent Office. As a result, and as my counsel was advised by Patent Office staff, Tiff's Treats Holdings, Inc.

is submitting this declaration to the Patent Office's Assignment Services Division to ensure title to the Design Patent is corrected.

10. All statements made of my own knowledge are true and all statements made on information and belief are believed to be true; all statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code.
