ASSIGNMENT

This patent assignment ("Assignment") is made effective as of July 23, 2015 ("Effective Date") by and between and Net.Orange, Inc., a Texas Corporation, having a principal place of business at 5000 Quorum Drive, Suite 400, Dallas, TX 75254 (hereinafter "Assignor"), and Nant Health, LLC, a Delaware limited liability company, having a principal place of business at 9920 Jefferson Boulevard, Culver City, CA 90232 (hereinafter "Assignee").

In consideration of good and valuable consideration, the receipt of which is hereby acknowledged, the undersigned Assignor:

Net.Orange, Inc.

(i) hereby sells, assigns, and transfers to:

Nant Health, LLC

and its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and all other countries, in and to any and all inventions and improvements that are disclosed in the applications for patent and issued patents listed on Exhibit A attached hereto ("Inventions");

and in and to all Additional Applications that have been or shall be filed in the United States and all other countries and international filing offices on any of the Inventions; and in and to all original and reissued patents that have been or shall be issued in the United States and all other countries and international filing offices on the Inventions; and in and to all rights of priority resulting from the filing of any applications covering the Inventions; as used herein "Additional Applications" includes but is not limited to provisional, non-provisional, design, utility, utility model, divisional, continuing, continuation-in-part, substitute, renewal, reissue, international (including PCT applications), foreign, and national phase applications on the Inventions;

(ii) agrees that Assignee may apply for and receive a patent or patents for the Inventions in its own name; and that, when requested, without charge to, but at the expense of, Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, Assignor will execute all papers and documents associated with the Inventions and Additional Applications; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to Assignee, its successors, assigns, and legal representatives all facts known to Assignor relating to the Inventions and the history thereof; and generally assist Assignee, its successors, assigns, or legal representatives in securing and maintaining proper patent protection for the Inventions and for vesting title to the Inventions, and all applications for patents and all patents on the Inventions, in Assignee, its successors, assigns, and legal representatives; and

(iii) covenants with Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by Assignor covering the Inventions, and that full right to convey the same as herein expressed is possessed by Assignor.

This Assignment may be executed in any number of counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.
