WHEREAS, AURA TECHNOLOGIES, LLC (“Assignee”), a limited liability company having an address for correspondence at 406 E. Main St., Carrboro, NC 27510, desires to acquire the entire right, title and interest therein and to said inventions and said Application, and in and to any Letters Patent to be obtained therefore and thereon;

NOW, THEREFORE, to all whom it may concern be it known that for good and sufficient consideration, the receipt of which is hereby acknowledged, Assignors have sold, assigned, and transferred, and by these presents do hereby sell, assign, and transfer, unto Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned inventions and Application, including the right to claim priority, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of said Application, and any and all Letters Patent in the United States and all foreign countries which may be granted therefore and thereon, and reissues, reexaminations and extensions of said Letters Patent, and all rights arising under or pursuant to any and all international agreements, treaties or laws relating to the protection of intellectual and industrial property, the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent may be granted and/or extended as fully and entirely as the same would have been held and enjoyed by Assignors, had this sale, assignment, and transfer not been made;

AND for the same consideration, Assignors hereby represent and warrant to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignors are the sole and lawful owners of the entire right, title and interest in and to said inventions and said Application, and that the same are unencumbered and that Assignors have good and full right and lawful authority to sell and convey the same in the manner herein set forth;
