ASSIGNMENT

For good and valuable consideration, receipt of which is hereby acknowledged, we

Stephen M. Hebert of Houston, Texas

Robert L. Sherrard of McKinney, Texas

Leonardo E. Reiter of Allen, Texas

hereby sell, assign and transfer to Nimbix, Inc., a Delaware corporation, having a place of business at 118 W. 4th Street, Anna, Texas 75409, its successors and assigns, the entire right, title and interest throughout the world in our invention in:

DYNAMIC CREATION AND EXECUTION OF CONTAINERIZED APPLICATIONS IN CLOUD COMPUTING

for which we filed a United States Patent Application on November 14, 2014, which now has Application Serial No. 14/541,877, and all patent applications and patents of every country for said invention, including divisions, reissues, continuations and extensions thereof, and all rights of priority resulting from the filing of said applications; we authorize the above-named assignee to apply for patents of foreign countries for said invention, and to claim all rights of priority without further authorization from us; we agree to execute all papers useful in connection with said United States and foreign applications, and generally to do everything possible to aid said assignee, their successors, assigns and nominees, at their request and expense, in obtaining and enforcing patents for said invention in all countries; and we request that the United States Patent and Trademark Office issue all patents granted for said invention to the above-named assignee, its successors and assigns.

We further authorize and request the attorneys appointed as representatives in this application to hereafter complete this assignment by inserting above the filing date and application number of this application when known.

Executed this 14 day of November, 2014.
