PATENT ASSIGNMENT AGREEMENT

This Patent Assignment Agreement (this “**Assignment**”),
dated as of October 19, 2022 (the “**Effective Date**”),
is made by Just Fur Love LLC (“**Assignor**”) having an address of
667 Boylston Street, 3rd Floor, Suite 305, Boston, Massachusetts 02116
and A1 Pro Deals, Inc. (“**Assignee**”), having an address of
100A Broadway, Suite 189, Brooklyn, New York 11249.

WHEREAS, Assignor and Assignee have entered into a Settlement Agreement (the “**Settlement Agreement**”) dated as of the Effective Date;

WHEREAS, Assignor owns all of the rights, title, and interest in and to the **Assigned Patent Rights** (as defined herein);

WHEREAS pursuant to the Settlement Agreement, Assignor has agreed to convey, transfer and assign to Assignee, among other assets, all patents and patent applications of Assignor listed on Schedule 1), and execute and deliver this Assignment for recording with the United States Patent and Trademark Office and corresponding entities or agencies in any applicable jurisdiction (collectively, the “**Agencies**”); and

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are acknowledged, the Assignor and Assignee hereto agree as follows:

1. **Assignment.** Assignor irrevocably sells, conveys, transfers, assigns and delivers to Assignee, and Assignee accepts from Assignor, all of Assignor’s right, title, and interest in and to the following:
 - a. The patent(s) and patent application(s) set forth in **Schedule 1**, attached hereto, including all inventions, improvements and/or designs disclosed and claimed therein, including in the patent applications and all corresponding provisional, non-provisional, divisional, continuing, continuation in part, substitute, renewal, reissue and all other applications for Letters Patent, utility models, industrial designs or similar intellectual property rights based thereon, and extensions thereof claiming priority to the underlying said patent rights, which have been or shall be filed in in any country based on any of the inventions, improvements and/or designs described and claimed therein; and all original and reissued patents which have been or shall be issued in any jurisdiction on the inventions and designs, including the right to apply for patent rights in each such country and all rights to priority; all licenses for the use of the patents; all income, royalties, damages, claims and payments for or hereafter due or payable under and with respect thereto, including without limitation, damages, claims, and payments for past and future infringements of the foregoing, including the right to settle suits involving claims and demands for royalties owing, as well as the right to sue in Assignee’s own name, and recover damages for past infringement of any United States Letters Patent and foreign patent, including a reasonable royalty relating to provisional rights for pre-issuance royalties under 35 U.S.C. § 154(d) that have attached to or stem from any published United States patent application, on the inventions, improvements and/or designs; all rights corresponding to any of the foregoing throughout the world; and the right to assign the rights conveyed herein, the same to be held and enjoyed by Assignee for its own use and benefit, and for the benefit of its successors, assigns and legal representatives (collectively, the “**Assigned Patent Rights**”);

- b. All rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;
 - c. Any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and
 - d. Any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on or after the Effective Date, including all rights to and claims for damages, restitution and injunctive relief and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.
2. **Recordation and Further Actions.** Assignor authorizes the Commissioner for Patents in the United States Patent and Trademark Office and the officials of other corresponding entities or Agencies to record and register this Assignment upon request by Assignee. Following the Effective Date, upon Assignee's reasonable request, Assignor shall take such steps and actions, and provide such cooperation and assistance to Assignee and its successors, assigns and legal representatives—including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be reasonably necessary to effect, evidence or perfect the assignment of the Assigned Patent Rights to Assignee, or any assignee or successor thereto.
3. **Letters Patent.** Assignor requests the Director or Commissioner of Patents for the United States Patent and Trademark Office (USPTO) and any other foreign patent authorities to issue Letters Patent or other intellectual property rights, including foreign patents or registrations, related to any of the Assigned Patent Rights to Assignee, as applicable.
4. **Further Assurances.** Assignor represents to Assignee that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by Assignor and that full right, title and interest, to convey the same Assigned Patents Rights as herein expressed, is possessed by Assignor. Assignor further represents to Assignee that all Assigned Patent Rights are valid and in force and that none of the patents (including any one or more of the patent claims) of the Assigned Patent Rights, have been deemed invalid and/or unpatentable by the United States Patent & Trademark Office, the Patent Trial & Appeal Board (PTAB), and/or rendered as unenforceable as such, in any other applicable legal proceeding, decision, governmental agency or forum. Assignor further represents to Assignee that there are no encumbrances, liens or other defects in title thereto and that all maintenance fees and/or other USPTO required fees related to any granted patents or applications of the Assigned Patent Rights is current.
5. **Terms of the Settlement Agreement.** The parties hereto acknowledge and agree that this Assignment is entered into pursuant to the Settlement Agreement, to which reference is made for a further statement of the rights and obligations of Assignor, and Assignee (as applicable) with respect to the Assigned Patent Rights. The representations, warranties, covenants, agreements and indemnities contained in the Settlement Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Settlement Agreement and the terms of this Assignment, the terms of the Settlement Agreement shall govern and control.
6. **Counterparts.** This Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same agreement. A signed copy of this Assignment

delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Assignment.

7. **Successors and Assigns.** This Assignment shall be binding upon and shall inure to the benefit of and is binding upon the parties hereto and the respective successors and assigns of Assignor and Assignee.
8. **Governing Law.** This Assignment and any claim, controversy, dispute or cause of action (whether in contract, tort or otherwise) based upon, arising out of or relating to this Assignment and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the United States, in respect to any intellectual property and/or patent issues, and in all other respects, including as to validity (except for patent issues), interpretation and effect, by the laws of the State of Delaware, without giving effect to any choice or conflict of law provision(s) or rule(s) (whether of the State of Delaware or any other jurisdiction).
