ASSIGNMENT BY INVENTORS

WHEREAS, We, David P. Miess, a citizen of the United States of America, having a mailing address of 30835 Imperial Walk Lane, Spring, Texas 77386; Gregory Prevost, a citizen of the United States of America, having a mailing address of 4623 Bridgestone Path Drive, Spring, Texas 77388; and Michael V. Williams, a citizen of the United States of America, having a mailing address of 8458 Coral Cove Pass Ln., Conroe, Texas 77304; (hereinafter the “Assignors”), are the inventors and owners of a certain new and useful invention (hereinafter “Invention”) and improvement entitled “Cam Follower With Polycrystalline Diamond Engagement Element,” as set forth in U.S. Application for Letters of Patent of the United States, already filed on July 30, 2018, as U.S. Application No. 16/049,588 (“Utility Application”).

WHEREAS, XR Downhole, LLC, a limited liability company, organized under and pursuant to the laws of the State of Texas having its principal place of business at 6702 Bourgeois Rd., Houston, Texas 77066 (hereinafter “the Assignee”), is desirous of acquiring the entire right, title and interest in and to said Invention and in and to any United States or corresponding foreign, international, or regional application (included any PCT International Application and any Regional Applications such as an EPO Patent Application) claiming or applied for (now or in the future) the Invention and any Letters Patent to be obtained therefor and thereon (to the extent any such right, title, and interest have not been previously acquired).

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over unto Assignee, its successors, legal representatives and assigns, my entire right, title and interest in and to

(a) said Invention and improvements entitled “Cam Follower With Polycrystalline Diamond Engagement Element” and worldwide rights therein;

(b) said Utility Application;

(c) any United States or corresponding foreign, regional (including any patent application filed with the European Patent Office) or international patent application claiming or applied for (now or in the future) the Inventions, or claiming priority to, or the benefit of the filing date of, (now or in the future) the Invention or any corresponding U.S., foreign, regional, or international application (including any PCT applications) related and directed to the Inventions, including all divisions, continuations, continuations-in-part and substitutions thereof; and

(d) any and all United States and foreign patents which shall issue on or for said Invention or from or upon any of the above-identified applications ((a) - (c)) including all reissues, reexaminations, renewals, divisions, continuations, and extensions thereof, for the United States, its territories and possessions and all foreign countries, regional and international patent offices, including the right to file applications for Letters Patent on said Inventions, and any of the aforementioned applications (in (a) - (c)) in any and all foreign countries and any other patent office, and every priority right that is or may be predicted upon or arise from said Inventions or said aforementioned application, and the right to sue for past infringements, the same to be held and enjoyed by said Assignee, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by me, had this Assignment and sale not been made.

AND for the same consideration, each Assignor hereby represents and warrants to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignors are the sole and lawful owners of the entire right, title and interest in and to the said Invention and said application for Letters Patent above-mentioned, and that the same are unencumbered and that Assignors have good and full-right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the same consideration, each Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns, that Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patent and applications for Letter Patent for said Invention, without charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceeding in connection with said Invention, or any proceeding in connection with any Letters Patent or applications for Letters Patent for said Invention in any country or patent office, including but not limited to interference proceedings, is lawful and desirable; or, that any division, continuation or continuation-in-part of any application for Letters Patent, or any reissue, reexamination or extension of any Letters Patent, to be obtained thereon, is lawful and desirable.

AND Assignors hereby request the Commissioner of Patent and Trademarks to issue said Letters Patent of the United States to Assignee, as Assignee of said Invention and the Letters Patent to be issued thereon, for the sole use and benefit of Assignee, its successors, legal representatives and assigns.

AND Assignors hereby grant the following individuals the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document:
