ASSIGNMENT

WHEREAS, We, Airton Martins, a resident of San Pedro, California, Michael J. Badar, a resident of Santa Monica, California, John Brooks, a resident of Long Beach, California, T. Vince Barbarie, a resident of Redondo Beach, California, Roberto Melena, a resident of Wilmington, California and Steve Scott, a resident of Houston, Texas, United States of America, hereinafter referred to as the "Assignors" have invented certain new and useful improvements as described and set forth in a provisional patent application in the United States Patent Office entitled **TRI-WELD PISTON** filed on 11/05/2020 having a serial no. 63110198 with a non-provisional application claiming priority of said provisional application having serial no. 17474954 filed on 09/14/2021;

WHEREAS, Industrial Parts Depot, LLC, a limited liability company of the State of California, having a place of business at 23223 Normandie Avenue, Torrance, CA 90501, hereinafter referred to as "Assignee", desires to acquire the entire right, title and interest in and to said application, said inventions, said improvements, and any and all Letters Patent which may be granted thereon in the United States or any foreign country;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged by Assignors,

1. Assignors hereby sell, assign, transfer and convey to Assignee the entire worldwide right, title and interest in and to said invention and said improvements, and the provisional patent application, the non-provisional application and to any and all applications or Letters Patent on said invention and improvements that may be granted by the United States or any foreign country, based on the priority of said provisional or non-provisional applications including any divisions, substitutions, continuations in whole or in part, conversions, reissues, additions or extensions thereof (jointly "the Patents", said interest to be held and enjoyed by Assignee as fully and exclusively as it would have been held and enjoyed by said Assignors had this Assignment and transfer not been made.

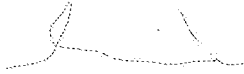

2. Assignors hereby covenant, warrant and represent that they have not heretofore granted any license, right or privilege with respect to said invention or improvements or the Patents or in any other way encumbered the same, and that they have the full right to make this Assignment.

3. Assignors further agree that at the request and expense of Assignee, but without charge to said Assignee, they will promptly execute all papers necessary or desirable to perfect ownership of said invention, improvements, applications or said Letters Patent, in said Assignee, and will execute all oaths and other papers, within the truth, that are necessary or desirable for prosecuting said application, for use in interference proceedings involving said invention or improvements, for refiling said applications, for filing of said divisional, substitution, continuation or continuation-in-part applications covering said invention or improvements which are deemed necessary or desirable by Assignee, for reissuance or reexamination of said Letters Patent, or for the

filing in foreign countries of applications for Letters Patent covering said invention or improvements.

4. The terms, covenants and provisions of this Assignment shall inure to the benefit of Assignee, its successors, assigns and other legal representatives, and shall be binding upon Assignors, their heirs, legal representatives and assigns.

IN TESTIMONY WHEREOF, We have executed and delivered to Assignee this instrument on the date shown.
